Preface	ix
1 Discovery, Invention and Innovation	1
Introduction	1
Discovery, Invention, and Innovation	3
Interactions and Knowledge Accumulation	6
Improving Performance: Discovery and Invention	9
Bounded Rational Model of Innovation	13
Improving Performance: Innovation	19
Commensurate Rate of Innovation	24
Book Organization and Main Themes	26
Notes and References 1	28
2 The Past	33
Introduction	33
Original Design	34
First Hundred Years: 1790-1889	40
Second Hundred Years: 1890-1989	47
Acceleration of Discovery, Invention and Innovation	54
Evaluation of Discovery, Invention and Innovation	59
Analysis of government	66
Proposed Plan	74
Notes and References 2	76
3 Microbinics	81
Introduction	81
Binary Representation	83
Integrated Circuits	85
Computation	88
Communication	91

Application: Automation of production	94
Application: Paperwork	104
Notes and References 3	112
4 Forecast	119
Introduction	119
Development of the Social Nervous System	120
Automation: Physical Manipulation	129
Automation: Information Manipulation	134
Income Distribution	141
Social Inheritance	145
Notes and References 4	148
5 The Community	153
Introduction	153
Current use of transportation	155
System of local government	158
Lifestyles in Towns	162
Local Activities	168
Individual versus Town	175
Evaluation	177
Notes and References 5	179
6 The Economy	183
Introduction	183
The Consumer	185
Markets	194
Organization of the Firm	197
Innovation	206
Dynamics: Firms and Work	211
Economic Performance	215
Notes and References 6	217
7 Information Policy	221
Introduction	221
Economics of information	225
Operational information policy	228
Protection from abuse	233
Scientific information policy	238
Impact of information policy	241

Notes and References 7	244
8 The Federal Government	245
Introduction	245
Judiciary	248
Legislature	256
Executive	261
Evaluation	268
Notes and References 8	272
9 Governmental Decentralization	277
Introduction	277
Ideal Governmental Decentralization	280
Federal Role in Decentralization	288
State Government: Organization	291
State Government: Role	293
State Innovation Strategy	298
Metropolitan Government	304
Town Government	310
Individual	316
Evaluation	319
Notes and References 9	321
10 The Individual	325
Introduction	325
Intergenerational transfer	325
The Problem of Choice	330
Individual and Social Performance	335
Notes and References 10	336
Index	337
