Basic VLE functionality
Social learning platforms

8 **Learning technology and assessment**

Types of assessment
E-portfolios

9 **Blended learning**

What is blended learning?
Why blended learning?
Flipped classroom courses

10 **Mobile learning**

Working with smartphones and tablets
Mobile technology and its influence on language
Apps
Just-in-time learning
In-class use
Integration models
IWB or tablet?

PART 4 PUSHING THE BOUNDARIES

11 **Adaptive learning**

Adaptive learning content
Adaptive learning assessment
Issues in language learning

Gamification
Technology and differentiation

12 Looking ahead

Digital first
Intelligent speech recognition and virtual reality
Data and analytics
The role of the teacher
