

Contents

Dedication.....	viii	Non-neoplastic vascular abnormalities	131
Preface to the tenth edition.....	ix	Cystic lesions	133
Abbreviations.....	x	Vascular tumours	136
1 Examination Techniques	1	Lacrimal gland tumours	141
Ophthalmic history.....	2	Neural tumours	144
Ophthalmic examination.....	2	Lymphoma	147
Psychophysical tests.....	2	Rhabdomyosarcoma.....	148
Perimetry	9	Metastatic tumours.....	149
Slit lamp biomicroscopy of the anterior segment	20	Silent sinus syndrome.....	152
Fundus examination	21	The anophthalmic socket	152
Tonometry	28	Craniosynostoses	155
Gonioscopy	31	5 Dry Eye	157
Central corneal thickness	36	Introduction	158
2 Eyelids	37	Sjögren syndrome.....	160
Introduction	38	Investigation	161
Non-neoplastic lesions	39	Treatment.....	165
Benign epidermal tumours	43	6 Conjunctiva	169
Benign pigmented lesions.....	43	Introduction	170
Benign adnexal tumours.....	46	Bacterial conjunctivitis.....	173
Miscellaneous benign tumours.....	48	Viral conjunctivitis.....	180
Malignant tumours.....	50	Allergic conjunctivitis.....	182
Disorders of the eyelashes.....	61	Conjunctivitis in blistering mucocutaneous disease	190
Allergic disorders.....	64	Miscellaneous disorders of the conjunctiva	196
Idiopathic dermatitis.....	64	Degenerations	199
Immune-related inflammation	66	Subconjunctival haemorrhage.....	202
Bacterial infections	66	7 Cornea.....	205
Viral infections	67	Introduction	206
Blepharitis.....	70	Bacterial keratitis.....	211
Ptosis	75	Fungal keratitis	218
Ectropion.....	80	Herpes simplex keratitis	220
Entropion	85	Herpes zoster ophthalmicus.....	226
Miscellaneous acquired disorders.....	87	Interstitial keratitis	231
Cosmetic eyelid and periocular surgery.....	91	Protozoan keratitis.....	234
Congenital malformations	92	Helminthic keratitis.....	236
3 Lacrimal Drainage System	97	Bacterial hypersensitivity-mediated corneal disease.....	236
Introduction	98	Rosacea	237
Acquired obstruction	103	Peripheral corneal ulceration/thinning	238
Congenital obstruction	108	Neurotrophic keratopathy	243
Chronic canaliculitis.....	109	Exposure keratopathy.....	244
Dacryocystitis.....	110	Miscellaneous keratopathies.....	246
4 Orbit	113	Corneal ectasia	250
Introduction	114	Corneal dystrophy	254
Thyroid eye disease.....	117	Corneal degeneration.....	261
Infections	124	Metabolic keratopathy.....	266
Non-infective inflammatory disease	127	Contact lenses	268
		Congenital anomalies of the cornea and globe	270

8 Corneal and Refractive Surgery275

Keratoplasty	276
Keratoprotheses.....	284
Refractive procedures	284

9 Episclera and Sclera.....291

Anatomy.....	292
Episcleritis.....	292
Immune-mediated scleritis	293
Porphyria.....	301
Infectious scleritis	301
Scleral discoloration	302
Blue sclera	303
Miscellaneous conditions	304

10 Lens.....307

Introduction	308
Acquired cataract.....	308
Management of acquired cataract	314
Congenital cataract	337
Ectopia lentis	340
Abnormalities of lens shape	343

11 Glaucoma345

Introduction	346
Ocular hypertension	347
Overview of glaucoma.....	349
Primary open-angle glaucoma	349
Normal-tension glaucoma	371
Primary angle-closure glaucoma.....	374
Classification of secondary glaucoma.....	382
Pseudoexfoliation syndrome and glaucoma	382
Pigment dispersion syndrome and pigmentary glaucoma	385
Neovascular glaucoma	387
Inflammatory glaucoma.....	390
Lens-related glaucoma	393
Traumatic glaucoma	395
Ghost cell 'glaucoma'	397
Iridocorneal endothelial syndrome	397
Glaucoma associated with intraocular tumours	399
Glaucoma secondary to epithelial ingrowth.....	399
Iridoschisis	400
Primary congenital glaucoma.....	401
Iridocorneal dysgenesis.....	403
Glaucoma in phacomatoses	406
Medical treatment of glaucoma.....	408
Laser treatment of glaucoma	412
Trabeculectomy	416
Non-penetrating glaucoma surgery	424
Minimally invasive glaucoma surgery (MIGS)	424
Drainage shunts.....	425

12 Uveitis429

Classification.....	430
Clinical features	430

Investigations.....	436
Treatment.....	438
Immunomodulatory therapy for non-infectious uveitis	441
Uveitis in spondyloarthropathies.....	442
Fuchs uveitis syndrome	444
Uveitis in juvenile idiopathic arthritis (JIA).....	446
Uveitis in bowel disease	448
Uveitis in renal disease.....	449
Intermediate uveitis	449
Vogt-Koyanagi-Harada (VKH) syndrome	452
Sympathetic ophthalmia	454
Lens-induced uveitis.....	456
Sarcoidosis.....	456
Behçet disease	461
Parasitic uveitis	463
Viral uveitis	472
Fungal uveitis.....	480
Bacterial uveitis	484
Miscellaneous idiopathic chorioretinopathies.....	491
Other inflammatory conditions of the posterior pole	500

13 Retinal Vascular Disease505

Retinal circulation	506
Diabetic retinopathy	506
Non-diabetic retinopathy.....	523
Retinal venous occlusive disease	523
Retinal arterial occlusive disease	534
Ocular ischaemic syndrome	541
Hypertensive eye disease	542
Paracentral acute middle maculopathy (PAMM).....	545
Sickle-cell retinopathy	545
Thalassaemia retinopathy	546
Retinopathy of prematurity.....	548
Retinal artery macroaneurysm	549
Primary retinal telangiectasia.....	551
Eales disease	557
Radiation retinopathy	557
Purtscher retinopathy	559
Valsalva retinopathy	559
Lipaemia retinalis.....	559
Retinopathy in blood disorders	559

14 Acquired Macular Disorders.....565

Introduction	566
Clinical evaluation of macular disease	567
Investigation of macular disease.....	568
Age-related macular degeneration	582
Pachychoroid disease spectrum.....	600
Peripheral exudative haemorrhagic chorioretinopathy... 606	
Idiopathic macular neovascularization	606
Idiopathic macular telangiectasia.....	606
Cystoid macular oedema.....	609
Microcystic macular oedema.....	610
Vitreomacular interface disorders	610
Degenerative myopia	616

Angioid streaks.....	618	Chiasm.....	797
Choroidal folds.....	619	Retrochiasmal pathways.....	803
Hypotony maculopathy.....	621	Cerebral visual impairment (CVI).....	806
Solar retinopathy.....	621	Ocular motor nerves.....	807
Torpedo maculopathy.....	622	Supranuclear disorders of ocular motility.....	820
Focal choroidal excavation.....	622	Nystagmus.....	824
Dome-shaped macula.....	622	Ocular myopathies.....	829
Low visual aids.....	623	Miller Fisher syndrome.....	833
Charles Bonnet syndrome (CBS).....	624	Neurofibromatosis.....	833
15 Inherited retinal degenerations.....627		Headache.....	835
Introduction.....	628	Neuralgias.....	838
Investigation.....	629	Facial spasm.....	839
Generalized photoreceptor dystrophies.....	631	Disorders of circadian rhythm.....	840
Macular dystrophies.....	646	Neuro-ophthalmology of space flight.....	841
Generalized choroidal dystrophies.....	652	20 Ocular Tumours.....843	
Hereditary vitreoretinopathies.....	655	Benign epibulbar tumours.....	844
Albinism.....	662	Malignant and premalignant epibulbar tumours.....	847
Cherry-red spot at the macula.....	664	Iris tumours.....	854
16 Retinal Detachment.....665		Iris cysts.....	859
Introduction.....	666	Ciliary body tumours.....	859
Peripheral lesions predisposing to retinal detachment..	670	Tumours of the choroid.....	863
Posterior vitreous detachment.....	673	Neural retinal tumours.....	876
Retinal breaks.....	676	Retinal vascular tumours.....	884
Rhegmatogenous retinal detachment.....	680	Primary intraocular lymphoma.....	888
Tractional retinal detachment.....	690	Tumours of the retinal pigment epithelium.....	891
Exudative retinal detachment.....	692	Paraneoplastic syndromes.....	895
Pars plana vitrectomy.....	693	21 Ophthalmic Side Effects of Systemic Medication.....897	
17 Vitreous Opacities.....701		Eyelids.....	898
18 Strabismus.....707		Cornea.....	898
Introduction.....	708	Ciliary effusion.....	899
Amblyopia.....	718	Lens.....	899
Clinical evaluation.....	719	Uveitis.....	900
Pseudostrabismus.....	736	Retina.....	901
Heterophoria.....	737	Optic nerve.....	904
Vergence abnormalities.....	737	Visual cortex.....	906
Esotropia.....	738	22 Trauma.....907	
Exotropia.....	744	Eyelid trauma.....	908
Monocular elevation deficiency.....	747	Orbital trauma.....	910
Brown syndrome.....	747	Trauma to the globe.....	913
Alphabet patterns.....	748	Chemical injuries.....	929
Surgery.....	750	Thermal burns.....	931
Complications of strabismus surgery.....	754	Index.....	933
Botulinum toxin chemodenervation.....	754		
19 Neuro-ophthalmology.....757			
Neuroimaging.....	758		
Optic nerve.....	763		
Pupils.....	790
