

Supplement

Functional Genomics of Lung Disease

Jeffrey A. Whitsett, Cindy J. Bachurski, Kathleen C. Barnes, Paul A. Bunn, Jr., Lisa M. Case, Donald N. Cook, Denise Crooks, Mark W. Duncan, Lori Dwyer-Nield, Robert C. Elston, Michael B. Fessler, Wilbur A. Franklin, Nir Friedman, Joe G. N. Garcia, Mark W. Geraci, Connie Glasgow, Stephan W. Glasser, William D. Hardie, Lisa M. Henning, Gary L. Johnson, Kamon Kawkitinarong, Robert L. Keith, Thomas R. Korfhagen, George D. Leikauf, Stephen B. Liggett, Kenneth C. Malcolm, Alvin M. Malkinson, Thomas J. Mariani, Susan A. McDowell, Dennis W. McGraw, Mario Medvedovic, Joel Moss, Lawrence M. Noguee, Stephanie Nonas, Gustavo Pacheco-Rodriguez, Lyle J. Palmer, David G. Peters, Daniel R. Prows, Susan Redline, Aviv Regev, Maureen A. Sartor, David A. Schwartz, Edwin K. Silverman, Wendy K. Steagall, Robert S. Stearman, Angelo Taveira-DaSilva, Jay W. Tichelaar, Craig R. Tomlinson, Katsuya Tsukada, Timothy E. Weaver, Susan E. Wert, Scott C. Wesselkamper, G. S. Worthen, Yan Xu, Laura Zerbe, Yi Zhang, Yingze Zhang, Augustine M. K. Choi, and Naftali Kaminski

CONTENTS

- | | | | |
|-----|--|-----|---|
| S3 | Introduction | S39 | Expression Analysis in Lung Cancer: The Search for Biomarkers |
| S4 | Surfactant Protein C: Regulation and Interstitial Lung Disease | S45 | Genetics and Gene Expression in Lymphangioleiomyomatosis |
| S9 | Genes and Gene Polymorphisms Associated with Idiopathic Pulmonary Fibrosis | S48 | Genetic Regulation of Innate Immunity: Lessons Learned from TLR4 |
| S13 | Progress in Chronic Obstructive Pulmonary Disease Genetic Epidemiology | S52 | Regulation of Alveogenesis by Reciprocal Proximodistal Fibroblast Growth Factor and Retinoic Acid Signaling |
| S18 | Single Nucleotide Polymorphisms, Chips, and Functional Genomics in Acute Lung Injury | S58 | Biochemical Remodeling of Airway Smooth Muscle Relaxation-Contraction by β_2 -Adrenergic Receptor Crosstalk |
| S23 | Resolving Gene-Environment Interactions in Complex Traits: Acute Lung Injury | S62 | New Experimental Approaches to the Signaling of Innate Immunity |
| S35 | Genetics of Obstructive Sleep Apnea and Related Phenotypes | | |

S67 Digital Gene Expression Profiling by
Serial Analysis of Gene Expression

S76 The Second Pittsburgh Lung Conference:
Are We Ready for Pulmonomics?

S72 Identifying Regulatory Networks: Lessons
from Yeast to Humans

S79 Author Affiliations, Acknowledgments, and
Conflict of Interest Statements
