Preface	7
Addendum to the Preface	8

PAPERS

A. M. ABDELMONEM AND M. R. RASMY Major diseases of date palm and their control	9
---	---

M. W. BAKSHA Major forest nursery pests and diseases in Bangladesh	24
---	----

M. BEDNÁŘOVÁ, D. PALOVČÍKOVÁ AND L. JANKOVSKÝ Dothistroma needle blight in the Czech Republic	29
--	----

I. BØRJA, H. SOLHEIM, A. M. HIETALA AND C. G. FOSSDAL The relationship of <i>Gremmeniella</i> and <i>Phomopsis</i> to damage on Norway spruce seedlings ..	35
---	----

K. CAPIEAU, A. POHANKA, J. STENLID AND E. STENSTRÖM Biological control of <i>Botrytis cinerea</i> in <i>Pinus sylvestris</i> seedlings in Swedish forest nurseries	45
--	----

M. M. CRAM AND S. W. FRAEDRICH Biology and management of <i>Longidorus americanus</i> in a southern USA nursery	46
--	----

R. L. JAMES AND R. K. DUMROESE Evolution of our knowledge of <i>Fusarium</i> diseases in forest nurseries	53
--	----

L. JANKOVSKÝ, M. BEDNÁŘOVÁ, P. HALTOFOVÁ AND D. PALOVČÍKOVÁ The risk of introducing quarantine pests of importance to forest nurseries and forests in the Czech Republic	67
--	----

M. KAVKOVÁ, V. ČURN, B. KUBÁTOVÁ, M. L. DESPREZ-LOUSTAU, C. DUTECH AND B. MARCAIS Oak powdery mildew (<i>Microsphaera alphitoides</i>): biology, epidemiology and potential control in Europe	73
---	----

M. KAVKOVÁ, V. ČURN, B. KUBÁTOVÁ AND J. FIGURA Effect of inoculation of oak seedlings with <i>Paxillus involutus</i> (BATCH.) and FR. and <i>Laccaria laccata</i> (SCOP. ex FR.) CKE	82
--	----

A. KUNCA, R. LEONTOVYČ, M. ZÚBRIK, V. LONGAUEROVÁ AND E. FOFFOVÁ Occurrence of pests in Slovak forest nurseries from 1990 to 2004	96
--	----

A. LILJA Identification and detection of <i>Phytophthora</i> spp. and diseases caused by <i>Phytophthora alni</i> , <i>P. ramorum</i> and other new <i>Phytophthora</i> on trees and seedlings	103
--	-----

A. LILJA, M. POTERI, M. VUORINEN AND J. HANTULA <i>Sirococcus conigenus</i> : A new pathogen in Finnish forest nurseries	112
---	-----

J. LOCHMAN, O. SERY AND V. MIKES

Identification of *Armillaria* species from soil by nested-PCR reaction 121

A. MENKIS, R. VASILIAUSKAS, A. TAYLOR, J. STENLID AND R. FINLAY

Detection of fungi in fine conifer seedling roots in forest nurseries:
morphotyping, isolation and direct sequencing 122

T. OSZAKO

Alder decline in Poland 129

V. PEŠKOVÁ, F. SOUKUP AND P. KAPITOLA

Biotic damaging agents in forest nurseries in the Czech Republic 138

R.-L. PETÄISTÖ

Gremmeniella abietina on Norway spruce seedlings in a Finnish forest nursery:
preliminary results 139

M. POTERI AND P. ROSSI

Determining fungicide efficacy against snow blight (*Phacidium infestans*)
by using a Scots pine shoot bunch technique 146

Z. PROCHÁZKOVÁ AND V. PEŠKOVÁ

Incidence of *Ciboria batschiana* on *Quercus robur* and *Q. petraea* acorns:
effect of collection year and oak stands, collection method, and annual rainfall..... 152

E. STENSTRÖM, M. JONSSON AND K. WAHLSTRÖM

Gremmeniella infection on pine seedlings planted after felling of severely
Gremmeniella infected forest 153

J. R. SUTHERLAND

History of IUFRO Working Party 7.03.04 (Diseases and insects in forest nurseries)
since its inception in 1990 to present (2005) 154

J. ŠAMÁNEK AND F. LUŽA

Eradication of an outbreak of chestnut blight (caused by *Cryphonectria parasitica*
(MURRILL) BARR.) in forest nursery at Kladíkov 159

R. VASILIAUSKAS, A. MENKIS, J. STENLID AND R. FINLAY

Fungi associated with root decay of conifer seedlings in forest nurseries and afforested sites. . . . 160

V. TALGØ, M. L. HERRERO, B. TOPPE, S. KLEMSDAL, B. HAMMERAAS AND A. STENSVAND

Damage in Norwegian Christmas tree plantations caused by fungi and nematodes
possibly introduced on nursery stock 166

POSTER

V. TALGØ, G. BRODALA, T. CECH AND A. STENSVAND

Seed borne fungi on *Abies* spp. 175

V. TALGØ, G. BRODALA, T. CECH AND A. STENSVAND

Seed borne fungi on fir. 176

LIST OF PARTICIPANTS 177

PROGRAMME 184
