

OUTLINE

TABLE OF CASES	XVII
----------------------	------

Chapter 1. Foundations of Patent Law 1

I. Foundations of Patent Law.....	1
II. Economics (Incentive to Invent)	2
III. History: Antidote to Trade Secrets (Incentive to Disclose)	5
IV. History: Technology Transfer	8
V. Natural Rights (Entitlement Theory)	9
VI. Patents and Public Utility Theory	11
VII. Conclusion.....	12

Chapter 2. Patent Acquisition 13

I. The United States Patent and Trademark Office	13
A. Examination.....	13
B. Historical Development.....	17
C. Organization	24
II. Prosecution Procedures.....	24
A. Application Types	25
1. Provisional Applications.....	25
2. Non-Provisional Applications	26
3. Continuing Applications.....	27
a) Restriction Requirements and Divisionals	29
b) Requests for Continued Examination.....	31
B. Publication Rule	31
C. Interferences & Derivation Proceedings	32

D.	Petition and Appeal Rights	33
III.	Post-Grant Procedures	36
A.	Certificates of Correction	36
B.	Reissue	38
1.	Error Correction.....	38
2.	Intervening Rights.....	41
3.	Recapture	42
C.	Reexamination, Supplemental Examination & Inter Partes Review	44
1.	<i>Ex Parte</i> Reexamination.....	45
2.	Supplemental Examination	46
3.	<i>Inter Partes</i> Reexamination & <i>Inter Partes</i> Review	47
D.	Post-Grant Review.....	48
IV.	Conclusion: The World's Most Liberal System	49

Chapter 3. Patent Eligibility..... 51

I.	Introduction	51
A.	The Constitution & Laws of Nature.....	52
B.	The Language of § 101	54
II.	Categories of Eligibility Cases.....	56
A.	Process Versus Product Claims	56
B.	Computer-Related Inventions.....	57
C.	Tax Strategies.....	68
D.	Methods of Medical Treatment.....	69
E.	Compositions of Matter and Biotechnology	72
F.	Mechanical Inventions	74
III.	TRIPS	76

Chapter 4. Utility	79
I. Introduction	79
A. § 101	79
B. Historical Development of the Doctrine	80
II. Three Types of Utility	82
A. Beneficial Utility	82
B. General Utility	84
C. Specific Utility	84
III. Industrial Application	90
Chapter 5. Anticipation	91
I. Introduction	91
A. Novelty Under the First-to-Invent Regime	98
B. Secret Prior Art Under the First-to-Invent Regime	102
II. Identification of Prior Art Under the U.S. First-Inventor-to-File Regime	104
A. Novelty Under the First-Inventor-to-File Regime	106
B. Secret Prior Art Under the First-Inventor-to-File Regime	107
III. Anticipation	109
A. Each and Every Element	110
B. Enablement Requirement	112
C. Inherency	113
D. Anticipation vs. Obviousness	116
Chapter 6. Statutory Bars	119
I. Introduction	119

II.	Public Use Under the First-to-Invent Regime.....	123
A.	Definitions.....	124
B.	Activities of the Applicant.....	125
1.	Informing.....	125
2.	Non-Informing	126
3.	Secret.....	128
C.	Activities of Third Parties.....	129
1.	Informing.....	129
2.	Non-Informing	130
3.	Secret.....	131
III.	On Sale Bar Under the First-to-Invent Regime.....	132
A.	Commercial Offer for Sale.....	133
B.	Ready for Patenting.....	134
IV.	Experimental Use Negation Under the First-to-Invent Regime.....	136
A.	Exception Versus Negation.....	136
B.	Sales of the Invention.....	138
V.	Patents and Printed Publications	139
VI.	Other Statutory Bars Under the First-to-Invent Regime	140
A.	Abandonment.....	140
B.	Delay.....	142
	Chapter 7. Novelty: Prior Invention	145
I.	Introduction	145
II.	Prior Invention Under First-to-Invent's § 102(a).....	147
A.	"Known or Used"	147
B.	First-to-Invent's § 102(a) Before the Patent and Trademark Office	150

III.	Priority Under First-to-Invent's § 102(g).....	153
A.	§ 102(g)	153
B.	Statutory Framework.....	154
1.	Interferences	155
2.	Conception.....	157
3.	Reduction to Practice.....	159
4.	Diligence.....	161
5.	Abandoned, Suppressed, or Concealed	163
6.	The Second Paragraph of First-to- Invent's § 102(g).....	164
7.	Examples	165
IV.	Prior Invention Under Pre-AIA § 102(e) & Post-AIA § 102(a)(2)	167
V.	Derivation Under First-to-Invent's § 102(f).....	169
VI.	Derivation Proceedings Under First- Inventor-to-File's § 135	170
VII.	Exceptions to First-Inventor-to-File's Novelty Requirement	171
	Chapter 8. Non-Obviousness.....	173
I.	Introduction	173
II.	History of Patent Law's "Crown Jewel"	179
III.	Prior Art	183
A.	§ 102	183
1.	Analogous Art	185
2.	Joint Research Exception.....	187
B.	Prior Art by Admission.....	189
IV.	The Supreme Court Trilogy	189
V.	The Federal Circuit	194
A.	Teaching, Suggestion, or Motivation to Combine	194

B.	<i>KSR</i>	197
C.	Scrutiny of Hindsight	200
D.	Objective Criteria (Secondary Considerations)	202
E.	Obviousness “Traps”	209
1.	Standard of Proof.....	209
2.	Manner of Invention Irrelevant.....	210
3.	Obvious to Try.....	211
4.	Patentability vs. Validity	214
F.	Chemistry and Biotechnology	215
1.	Chemistry	216
2.	Biotechnology	216
VI.	Non-Obviousness (Inventive Step) in Foreign Patent Systems	217

Chapter 9. Adequate Disclosure 219

I.	Introduction	219
II.	Enablement.....	222
A.	Purpose.....	222
B.	Test	223
1.	At the Time of Filing	224
2.	Scope of Disclosure	226
3.	No Undue Experimentation	230
C.	Relationship to Utility.....	234
III.	Written Description.....	235
A.	Purpose.....	235
B.	“Possession” of the Claimed Subject Matter	238
C.	Written Description Unchained.....	240
D.	Potential Impact of Non-Obviousness Finding on Written Description.....	243
IV.	Best Mode	244
A.	Purpose.....	244

B.	Two-Part Test	244
1.	Inventor's Subjective Belief.....	245
2.	Concealment.....	246
C.	Unnecessary Vestige?.....	249

Chapter 10. Issues in Patent Acquisition 253

I.	Introduction	253
II.	Inventorship.....	254
A.	Test for Inventorship	254
B.	Consequences of Incorrect Inventorship.....	257
III.	Inequitable Conduct.....	259
A.	Purpose.....	259
B.	Test for Inequitable Conduct	262
1.	Materiality	264
2.	Intent.....	265
C.	International Treatment.....	268
IV.	Double Patenting.....	268
A.	Purpose.....	268
B.	Two Types	269
1.	Same Invention or Statutory	269
2.	"Obviousness-Type" or Non- Statutory	270
C.	Terminal Disclaimer.....	275
V.	International Prosecution.....	276
VI.	The Bayh-Dole Act	276

Chapter 11. The Patent Trial and Appeal

Board	281
I. Introduction	281
II. PTAB Proceedings	282
A. Post-Grant Review.....	282
B. Inter Partes Review.....	286

C.	Derivation Proceedings	289
D.	Review of Examiner Decisions.....	290
III.	Constitutionality	290
IV.	Claim Construction	294
V.	Estoppel	297
VI.	Stays of District Court Litigation.....	300
Chapter 12. Claims		303
I.	Introduction	303
A.	Central Legal Element of a Patent.....	303
B.	Historical Development.....	304
C.	§ 112	306
II.	Parts of a Claim.....	308
A.	One-Sentence Rule	309
B.	Preamble	310
C.	Transitional Phrase.....	311
D.	Body	315
E.	Independent and Dependent Claims.....	317
III.	Special Claim Formats.....	319
A.	Means-plus-Function.....	320
1.	§ 112, ¶ 6 (Now § 112, ¶ (f)).....	320
2.	Practical Significance	323
3.	Equivalents Under § 112 and the Doctrine of Equivalents.....	328
4.	International Treatment	333
B.	Product-by-Process	333
1.	Purpose	333
2.	International Treatment	336
C.	Jepson.....	337
D.	Markush	338
IV.	Definiteness	340
A.	Test	340

B.	Relative Terminology & Words of Approximation	344
----	---	-----

Chapter 13. Claim Construction 347

I.	Introduction	347
II.	Claim Construction	350
A.	Challenges of Claim Construction.....	351
B.	Claim Construction in the Federal Circuit Era: <i>Markman</i>	354
C.	The Process at the Trial Level.....	361
D.	Sources of Claim Meaning	362
1.	The Claim Language	364
2.	The Specification.....	368
3.	The Prosecution History.....	374
4.	Extrinsic Evidence	377
a)	Dictionaries, Treatises, and Encyclopedias.....	378
b)	Expert Testimony.....	380
c)	Prior Art References and Scientific Articles	382
E.	Guidelines for Claim Construction.....	383
F.	Practical Problems.....	385
1.	Preamble	386
2.	Construing Claims in Light of the Specification Versus Impermissibly Importing a Limitation from the Specification	388
3.	Construing Claims to the Extent Necessary Versus Construing Claims in Light of the Accused Device	390

4.	Evolving Claim Construction.....	391
G.	Claim Construction at the Patent Office.....	393
Chapter 14. Infringement		395
I.	Introduction	395
II.	Literal Infringement	396
III.	The Doctrine of Equivalents—Non-Textual Infringement.....	397
A.	Purpose.....	397
B.	Test(s).....	401
C.	Limitations.....	402
1.	Prosecution History Estoppel.....	403
2.	All-Elements Rule.....	406
3.	Prior Art	408
4.	Public Dedication.....	410
D.	Means-plus-Function Claims.....	411
E.	Reverse Doctrine of Equivalents	412
IV.	Indirect Infringement	413
A.	Inducement of Infringement.....	415
B.	Contributory Infringement	417
V.	“Joint” or “Divided” Infringement	418
VI.	Territorial Scope.....	421
A.	Exporting Components of a Patented Combination.....	423
B.	Importation of Goods Manufactured by a Patented Process.....	426
VII.	International Trade Commission	427
VIII.	Exceptions to Infringement	432
A.	Implied Licenses, First Sale & Exhaustion, and Repair & Reconstruction	432
B.	Experimental Use.....	437

IX. “Artificial” Infringement Under § 271(e)(2).....	440
X. Infringement Abroad.....	441

Chapter 15. Additional Defenses 445

I. Introduction.....	445
II. Laches and Estoppel.....	447
A. Laches.....	448
B. Equitable Estoppel.....	450
C. Prosecution Laches.....	452
D. Licensee Estoppel.....	454
E. Assignor Estoppel.....	457
III. Shop Rights.....	458
IV. Temporary Presence in the United States....	460
V. First Inventor Defense.....	461
VI. Patent Misuse.....	462

Chapter 16. Remedies 467

I. Injunctions.....	468
II. Damages.....	474
A. Lost Profits.....	474
B. Price Erosion.....	481
C. Reasonable Royalty.....	483
D. The Entire Market Value Rule.....	487
E. Marking.....	491
III. Willful Infringement: Enhanced Damages and Attorney Fees.....	494
A. Attorney Fees.....	495
B. Enhanced Damages.....	496
IV. International Remedies.....	500

Chapter 17. International Patent Law	503
I. Major International Agreements.....	503
A. Paris Convention	504
B. Patent Cooperation Treaty	510
C. Regional Agreements	513
1. European Patent Convention and the European Union	513
2. TRIPS and Bilateral Free Trade Agreements	515
II. International Enforcement	518
Chapter 18. Design Patents.....	519
I. Introduction	519
II. Claiming a Design	520
III. Validity.....	522
A. Obviousness	523
B. Functionality.....	525
IV. Infringement.....	527
V. Damages.....	532
Chapter 19. The Hatch-Waxman Act.....	537
I. Introduction	537
II. The ANDA Process	539
III. The Safe Harbor Under § 271(e)(1)	545
IV. The Orange Book	547
V. Declaratory Judgment Jurisdiction	551
VI. Authorized Generics.....	553
VII. Patent Linkage Abroad.....	555
INDEX.....	557
