UNIT I Psychophysiology, I DEBRA GREENSPAN

Psychophysiology, 3
Assessment, 8
Interventions, 28
Summary, 34

UNIT 2 Circulation, 37 LINDA ABELS

Embryology, 37
Physiology, 40
Assessment, 62
Alterations—a pathophysiologic explanation, 103
Interventions, 110
Rehabilitation in cardiovascular disease, 159

UNIT 3 Respiration, 168 JOANN BROOKS-BRUNN

Embryology, 168
Physiology, 172
Assessment, 192
Alterations—a pathophysiologic explanation, 214
Intervention, 219
Rehabilitation, 251

UNIT 4 The nervous system, 254

LINDA ABELS
ANN BELCHER
BARBARA L. RUSSOEmbryology, 254
Physiology, 257
Assessment, 287
Alterations, 302
Interventions, 324

UNIT 5 Fluid and electrolytes, 337

CHERYLL WODNIAK
JAMES SZWEDEmbryology, 337
Physiology, 344
Assessment, 367
Alterations, 385
Interventions, 401

UNIT 6 Alimentation, 421

MARY ROPKA

Embryology, 421
Physiology, 422
Assessment, 437
Alterations, 460
Interventions, 485

UNIT 7 Coagulation, 512

ROSEMARY HUME

Embryology, 512
Physiology, 513
Assessment, 524
Alterations, 531
Interventions, 540

UNIT 8 Thermoregulation, 548

LINDA ABELS

Embryology, 548
Physiology, 548
Assessment, 564
Alterations, 572
Interventions, 580

Appendix, 588
