

TABLE OF CONTENTS

Table of Contents by Clinical Concern	xiii
Foreword	xxv
Preface	xxvii
Introduction	xxix
Acknowledgments	xxxi

UPPER EXTREMITY

Shoulder

1 Anteroposterior Oblique (APO) (Modified Grashey)— Internal Rotation.....	2
2 Anteroposterior Oblique (APO) (Modified Grashey)— External Rotation.....	4
3 Anteroposterior Oblique (APO) (Modified Grashey)— Neutral Rotation.....	6
* 4 Anteroposterior (AP)—Internal Rotation	8
5 Modified Transcapular—"Y" View	10
6 Axillary	12
7 Modified Axillary (Limited Abduction)	14
8 Westpoint Axillary	16
9 Stryker Notch.....	18
10 Outlet.....	20
11 Modified Outlet View #1	22
12 Modified Outlet View #2	24
13 Active Abduction	26
14 Bicipital Groove	28

Proximal Humerus

15 Stop Sign (Bennett Method)	30
16 Transthoracic (Lawrence Method)	32

Elbow

* 17 Anteroposterior (AP).....	34
* 18 Lateral.....	36
* 19 Oblique—Internal Rotation.....	38
* 20 Oblique—External Rotation.....	40
21 Lateral—Maximum Flexion	42
22 Modified Anteroposterior (AP) Distal Humerus—(to be combined with modified AP of proximal forearm).....	44

* Routine views

23	Modified Anteroposterior (AP) Proximal Forearm—(to be combined with modified AP of distal humerus)	46
24	Coyle Trauma	48
25	Modified Coyle Trauma.....	50
26	Ulnar Sulcus.....	52

Forearm

* 27	Anteroposterior (AP)—Anatomic.....	54
* 28	Lateral—Anatomic.....	56

Wrist

* 29	Posteroanterior (PA)	58
* 30	Lateral.....	60
* 31	Oblique	62
32	Posteroanterior (PA)—Ulnar Neutral.....	64
33	Lateral—5° Angled	66
34	Scaphoid (Stetcher's Method)	68
35	Modified Stetcher's Method.....	70
36	Posteroanterior (PA)—Clenched Fist	72
37	Posteroanterior (PA)—Radial Flexion	74
38	Posteroanterior (PA)—Ulnar Flexion	76
39	Lateral—Flexion	78
40	Lateral—Extension.....	80
41	Modified Carpal Boss	82
42	Norgaard (Ballcatcher's, Champagne Toast)	84
43	Carpal Tunnel	86

Hand

* 44	Posteroanterior (PA) (Dorsalpalmar)	88
* 45	Lateral.....	90
* 46	Oblique	92

Hand/Metacarpal Phalangeal Joint

47	Brewerton.....	94
----	----------------	----

Thumb

* 48	Anteroposterior (AP).....	96
* 49	Lateral.....	98
* 50	Oblique	100
51	Basal Joint Stress.....	102

Fingers

* 52	Posteroanterior (PA)	104
* 53	Lateral.....	106
* 54	Oblique	108
55	Lateral—Fan	110

LOWER EXTREMITY

Pelvis

56A	Anteroposterior (AP) with Crests: Adult.....	112
56B	Anteroposterior (AP) with Crests: Pediatric.....	114
57	Anteroposterior (AP) for Total Joint Replacement.....	116
58	Anteroposterior (AP)—Standing	118
59	Obliques—Judet Views.....	120
60	Inlet.....	122
61	Outlet.....	124
62	Flamingo (Chamberlain Method)	126

Hip

* 63	Anteroposterior (AP).....	128
64	Lorenz.....	130
65	Van Rosen	132
* 66	Lateral—Frogleg (Modified Cleaves).....	134
67	Anterior Contour (Schneider Method).....	136
68	Posterior Contour.....	138
69	Abduction Stress.....	140
70	Lateral—(Lauenstein Method).....	142
71	Lateral—(Modified Lauenstein Method).....	144
72	Lateral—(Clements-Nakayama Method).....	146
73	False Profile.....	148
* 74	Lateral—Crosstable.....	150

Femur

* 75	Anteroposterior (AP).....	152
* 76	Lateral.....	154

Knee

77	Anteroposterior (AP)—Weightbearing.....	156
78	Posteroanterior (PA)—Weightbearing	158
79	Anteroposterior (AP)—Axial (Beclère Method or Tunnel/ Notch View).....	160
80	Obliques—Internal and External Rotation	162
* 81	Lateral.....	164
* 82	Lateral—Crosstable.....	166
83	Lateral—Maximum Flexion	168
84	Lateral—Extension.....	170
85	Valgus/Varus Stress	172

Knee/Patellofemoral Joint

86	Axial—Merchant.....	174
87	Axial—Modified Settegast	176

Leg/Tibia-Fibula

* 88	Anteroposterior (AP).....	178
* 89	Lateral.....	180

Ankle

90	Anteroposterior (AP)—Weightbearing.....	182
91	Oblique—Mortise Weightbearing.....	184
92	Lateral—Weightbearing.....	186
93	Inversion/Eversion Stress.....	188
94	Lateral—Stress.....	190

Ankle/Hindfoot

95	Medial Oblique—(Broden Method: 10°–40°)	192
96	Medial Oblique—(Modified Broden Method)	194
97	Lateral—Dorsiflexion.....	196
98	Lateral—Plantarflexion.....	198

Foot

99	Anteroposterior (AP)—Weightbearing.....	200
100	Lateral—Weightbearing.....	202
*101	Oblique—Medial.....	204
102	Anatomic Anteroposterior (AP)—Navicular.....	206
103	Oblique—Lateral.....	208
*104	Axial—Heel (Harris Method)	210

Foot: Infant

105	Anteroposterior (AP)—Maximum Correction: Infant	212
106	Lateral—Maximum Dorsiflexion: Infant	214

Great Toe/Sesamoids

107	Axial—Sesamoid.....	216
108	Axial—Sesamoid (Lewis Method).....	218
109	Axial—Sesamoid (Holly Method)	220
110	Lateral—Sesamoid (Causton Method).....	222

SPINE

Cervical Spine

*111	Anteroposterior (AP).....	224
*112	Open Mouth	226
*113	Lateral.....	228
*114	Obliques	230
115	Lateral—Flexion.....	232
116	Lateral—Extension.....	234
117	Lateral—Swimmer's View	236
118	Oblique—Pillar (Lateral Mass).....	238
119	Anteroposterior (AP) or Posteroanterior (PA)—(Fuch's Method).....	240

Thoracic Spine

120 Anteroposterior (AP)—Standing242

121 Lateral—Standing244

*122 Obliques246

Thoracic Lumbar Spine: Scoliosis/Kyphosis

123 Anteroposterior (AP)—Standing248

124 Lateral—Standing250

125 Anteroposterior (AP)—Supine Forced Bending (R/L)252

126 Lateral—Hyperextension Crosstable.....254

127 Anteroposterior (AP)—Sitting in Wheelchair256

128 Lateral—Sitting in Wheelchair258

Lumbar Spine

129 Anteroposterior (AP)—Standing260

130 Lateral—Standing262

*131 Obliques264

132 Lateral—Flexion.....266

133 Lateral—Extension.....268

134 Anteroposterior (AP)—Standing, Bending (R/L).....270

*135 Lateral—Spot L-5/S-1272

Sacrum/Sacroiliac Joints

*136 Anteroposterior (AP)—Ferguson’s Uptilt.....274

*137 Obliques276

Appendix.....279

Index.....291

* Routine views
