

Regarded by many scholars and fans as **BING CROSBY's** greatest album, *Bing With A Beat* is the jazz record Crosby always dreamed of making during his many years of crafting pop hits. Bing made this record for the sheer pleasure and love of jazz, collaborating with his wish-list of musicians and focusing on the songs he loved. You can hear the joy in his voice as he performs a collection of songs he never otherwise recorded, including an early version of "Mack The Knife," done in tribute to his friend Louis Armstrong.
