

Table of Contents

- 1 History of peripheral nerve stimulation for pain, 1**
Richard B. North
- 2 Peripheral nerve entrapments, 4**
Andrea M. Trescot
- 3 Mechanism of action of peripheral nerve stimulation, 13**
Yashar Eshraghi, Dharampalsinh Gohil and Maged Guirguis
- 4 Ultrasound versus fluoroscopy, 17**
Keth Pride, MD and Timothy Rushmer, MD
- 5 Surgical tools for peripheral nerve stimulation, 20**
Tony Vanettesse, Ashley Katsarakes and Michael Fishman
- 6 Surgical techniques for peripheral nerve stimulation, 24**
Tony Vanettesse and Michael Fishman
- 7 Peripheral nerve stimulation education and psychological evaluation, 29**
Dan Carlyle, Jessica Jameson and Lynn Kohan
- 8 Occipital nerve stimulation, 36**
A. Tolulope Alugo, Konstantin V. Slavin and Richard L. Weiner
- 9 Trigeminal nerve peripheral nerve stimulation, 46**
Miles Day, Konstantin Slavin and Ahmed Mohsen
- 10 The sphenopalatine ganglion: associated illnesses and therapeutic modalities, 55**
Wendell Lake and Aaron Suminski
- 11 Axillary and suprascapular nerves, 61**
Laura Shepherd, Nasir Hussain, and Alaa Abd-Elseyed
- 12 Brachial plexus, 69**
Laura Shepherd, Nasir Hussain and Alaa Abd-Elseyed
- 13 Ulnar nerve, 77**
Nicolas Kumar, Nasir Hussain, Alaa Abd-Elseyed and Christ Declerck
- 14 Median nerve, 82**
Theodore Dimitrov, Nasir Hussain and Alaa Abd-Elseyed
- 15 Radial nerve, 90**
Robert Moghim
- 16 Intercostal nerves, 106**
Albert Lai
- 17 Ilioinguinal and iliohypogastric nerve, 114**
Agnes R. Stogicza, Bartos Balazs and María Luz Padilla del Rey
- 18 Genitofemoral nerve, 122**
María Luz Padilla del Rey, Balazs Bartos and Agnes R. Stogicza
- 19 Superior cluneal nerves, 128**
David Rosenblum, Sloane Yu and Alaa Abd-Elseyed
- 20 Middle cluneal nerves, 135**
David Rosenblum, Sloane Yu, Alaa Abd-Elseyed and Andrea M. Trescot
- 21 Inferior cluneal nerve, 142**
Hemant Kalia
- 22 Pudendal peripheral nerve stimulation for chronic pelvic pain, 146**
Michael Beckman and Shalini Shah
- 23 Lateral femoral cutaneous nerve, 154**
Justin O'Farrell, Amir Ahmadian and Maxim Eckmann
- 24 Femoral nerve, 160**
Chase Beal, Colby Beal, and Maxim Eckmann
- 25 Sciatic nerve, 168**
Angela Samaan and David A. Spinner
- 26 Genicular peripheral nerve stimulation, 173**
Hemant Kalia, Alaa Abd-Elseyed, Brian Rich and Beth Pearce
- 27 Peroneal nerves (fibular nerves), 179**
Claudia Covarrubias and Pankaj Satija

28	Saphenous nerve, 192	36	Peripheral nerve stimulation for chronic pelvic pain, 240
	<i>Hemant Kalia and Kris Ferguson</i>		<i>Israel Pena, Khoa Truong-N and Sandy Christiansen</i>
29	Posterior tibial nerve, 196	37	Postamputation pain, 248
	<i>David Abejón</i>		<i>Yashar Eshraghi, Matthew L. Cutrer and Maged Guirguis</i>
30	Sural nerve, 203	38	Peripheral neuropathy, 251
	<i>Michael Dasu, Ellen Lin and Alaa Abd-Elseyed</i>		<i>Jordan D. Farley, Colby Beal and Maxim S. Eckmann</i>
31	Superior gluteal nerve, 209	39	Overactive bladder, 255
	<i>Joe Donohue-Torres, Caroline Brennick and Maxim Eckmann</i>		<i>Behnum Habibi, Gustaf Van Acker and Chong Kim</i>
32	Craniofacial stimulation and headache, 215	40	Gastric stimulation for gastroparesis, 262
	<i>Matthew Paul Rupert, Ryan Budwany and Alaa Abd-Elseyed</i>		<i>Nicholas Mata, Rose Mueller and Chong Kim</i>
33	Peripheral nerve stimulation for complex regional pain syndrome, 225	41	Motor stimulation, 266
	<i>Hemant Kalia, Andrea M. Trescot and Alaa Abd-Elseyed</i>		<i>Brent Earls and Eellan Sivanesan</i>
34	Postherpetic neuralgia, 233	42	Vagal nerve stimulation, 274
	<i>Mihir Joshi, Adedeji Olusanya and Maxim S. Eckmann</i>		<i>Tariq Malik and Waqar Waheed</i>
35	Approach to low back pain and peripheral nerve stimulation, 236		Index, 282
	<i>Kris Ferguson, Hemant Kalia and Alaa Abd-Elseyed</i>
