

1. ATTITUDES TOWARDS STUTTERING	7
1.1. The structure of stuttering	7
1.2. Attitudes and changes in the attitudes	8
1.3. A review of research on attitudes towards stuttering	10
2. ATTEMPTS TO CHANGE THE ATTITUDES TOWARDS STUTTERING IN THE LIGHT OF THE AUTHOR'S RESEARCH	17
2.1. Aim	17
2.2. Methods	17
2.2.1. <i>The scale of the attitudes towards stuttering (SAS)</i>	17
2.2.2. <i>Lecturing (L)</i>	18
2.2.3. <i>Empathic experiment (EE)</i>	20
2.2.4. <i>Case studies (CS)</i>	21
2.3. Subjects	22
2.4. The organization of research	22
2.5. Results	22
2.5.1. <i>The dynamics of changes in the attitudes</i>	22
2.5.2. <i>The results of the empathic experiment</i>	33
2.5.3. <i>The analysis of case studies</i>	36
2.6. Discussion	46
3. THE MODEL OF CHANGES IN THE ATTITUDES TOWARDS STUTTERING	55
3.1. The dynamics of changes	55
3.2. Shaping the attitudes of the specialists	59
3.3. Shaping the attitudes of people who stutter	71
3.4. Shaping the attitudes of parents and the environment	76
3.5. The determinants of changes in the attitudes towards stuttering	84
