PART I: PROLOGUE

1	Preliminaries	3
1.1	Introduction	3
1.2	Terminology, approach and sources	5
1.3	International, European, national and regional contexts	19
1.4	Regulatory and taxation contexts	21
1.5	Institutional framework	34
1.6	Scheme of the book	34
2	Regulated Sectors	37
2.1	Introduction	37
2.2	Trade associations, policy-makers and pressure groups	38
2.3	Waste management industry	40
2.4	Energy industries and consumers	42
2.5	Mineral extraction industry	50
2.6	Air passenger and road freight transport sectors	51
2.7	Concluding remarks	53

PART II: POLICY AND CONTEXTS

3	Introduction to Part II	57
4	Institutional Framework	63
4.1	Introduction	63
4.2	Institutions of central, regional and local government	63
4.3	European Union institutions	92
4.4	International institutions	101
4.5	Concluding comments	106

5	Technical Justifications	109
5.1	Introduction	109
5.2	Sustainable development	110
5.3	Taxation and sustainable development	112
5.4	Economic instruments and market failures	115
5.5	The efficient level of fiscal intervention	120
5.6	Concluding remarks	122
6	Regulatory Context	125
6.1	Introduction	125
6.2	Integrated Pollution Control, Integrated Pollution Prevention and Control and Environmental Assessment	127
6.3	Waste management regulation	134
6.4	Control of air and atmospheric pollution	144
6.5	Air passenger and road freight transport regulation	159
6.6	Regulation of mineral extraction	161
6.7	Regulation of contaminated land	161
6.8	Concluding comments	162
7	Taxation Context	163
7.1	Introduction	163
7.2	Taxes and tax subsidies	164
7.3	Status of the main levies and subsidies under consideration	176
7.4	Concluding comments	182
8	International Aspects	183
8.1	Introduction	183
8.2	Public international law	184
8.3	International environmental law	191
8.4	International trade law	200
8.5	International air transport law	221
8.6	International energy law	222
8.7	Concluding remarks	223
9	Conclusions on Part II	225

PART III: PRACTICE

10	Introduction to Part III	231
----	--------------------------	-----

Part III, Section A: Environmental Levies and Other Economic Instruments

Division 1: General

11	Design and Implementation	237
11.1	Introduction	237
11.2	Regulatory impact assessment	238

11.3	Design and implementation of the two post-1997 taxes	240
11.4	Review of landfill tax	248
11.5	Concluding comments	250
12	Community Law Aspects	251
12.1	Introduction	251
12.2	Regulatory aspects	253
12.3	Taxation aspects	293
12.4	Rules on free movement of goods	303
12.5	Concluding comments	305
<i>Division 2: National Taxes</i>		
13	Aggregates Levy	309
13.1	Introduction	309
13.2	Operation of the tax	310
13.3	Problems caused by the legal structure	312
13.4	Meaning of 'aggregate'	315
13.5	The concept of 'exempt processes'	316
13.6	Administration of the levy	316
14	Climate Change Levy	317
14.1	Introduction	317
14.2	Tax base and rates	318
14.3	Reduced rates	319
14.4	Exemptions	319
14.5	Combined heat and power and renewable source electricity	321
14.6	Climate change agreements and the UK Emissions Trading Scheme	324
14.7	Administration of the levy	327
15	Landfill Tax	329
15.1	Introduction	329
15.2	Tax base and rates	329
15.3	Securing the tax base	331
15.4	Exemptions	333
15.5	Temporary disposals	335
15.6	Fly-tipping	335
15.7	Administration of the tax	337
16	Customs' Administrative Model	339
16.1	Introduction	339
16.2	Registration	339
16.3	Deregistration	341
16.4	The form of registration	342
16.5	The problem of trusts	343
16.6	Groups, divisions and going concerns	344

16.7	Non-UK residents	346
16.8	Site registration	347
16.9	The credit concept	348
16.10	Bad debt relief	350
16.11	Transitional provisions	351
16.12	Record keeping and inspection	352
16.13	Disputes	352
16.14	Irregularities	353
16.15	Enforcement	353
16.16	Problems for landowners	354

Division 3: Local Levies

17	Workplace Parking Levies	361
17.1	Introduction	361
17.2	Changes in planning practice	362
17.3	Double payment	362
17.4	Metropolitan schemes	363
17.5	Other schemes	363
17.6	Those subject to schemes	364
18	Road User Charging Schemes	365
18.1	Introduction	365
18.2	Central London	365
18.3	Other cities	368
18.4	Metropolitan schemes	369
18.5	Other schemes	369

Division 4: Other Economic Instruments

19	The Packaging Regime Route	373
19.1	Introduction	373
19.2	Packaging	374
19.3	Choice	375
19.4	Registration	375
19.5	Obligations once registered	375
19.6	Waste disposal obligations	377
19.7	The future of packaging waste recovery notes	378
20	Emissions and Waste Trading Schemes	381
20.1	Introduction	381
20.2	Design and implementation of the UK Emissions Trading Scheme	381
20.3	Subsequent development of the UK Emissions Trading Scheme	383
20.4	Operation of the UK Emissions Trading Scheme	389
20.5	The regime applicable to direct participants	390
20.6	Green Certificate trading	391
20.7	Landfill Allowances Trading Scheme ('the LATs')	392

Division 5: The Instruments in Operation

21	Policies in Practice (1)	397
21.1	Introduction	397
21.2	The employment 'double dividend'	397
21.3	Hypothecation, 'recycling' of revenue and tax subsidies	399
21.4	Political and industrial aspects	406
21.5	The Renewables Obligation	423
21.6	The 2003 Energy White Paper	425
21.7	Problems with electricity supply industry structures	433
21.8	The case of aggregates levy	436
21.9	Water and the farmers	441
21.10	The effect of Community law and policy	449

*Part III, Section B: Greening the UK Tax System**Division 1: Removing Subsidies and Creating Incentives*

22	Excise Duties	457
22.1	Introduction	457
22.2	Motor cars and their fuel	457
22.3	Heavy goods vehicles and their fuel	462
22.4	The emissions problem	463
23	Employee Taxes	465
23.1	Introduction	465
23.2	Income tax treatment of company cars	465
23.3	Environmentally-friendly transport	467
24	Business Taxes	469
24.1	Introduction	469
24.2	Nature and role of capital allowances	469
24.3	Motor cars	470
24.4	Environmentally-friendly equipment	470
24.5	Urban regeneration	471
24.6	Private residential landlords	472
24.7	Emissions trading scheme corporation tax and VAT treatment	473
24.8	Direct tax treatment of environmental trust contributions	475

Division 2: The Provisions in Operation

25	Policies in Practice (2)	479
----	--------------------------	-----

PART IV: PROSPECTS AND NEW DIRECTIONS

26	Environmental Taxes and the Tax Base	483
26.1	Introduction	483

26.2	The consolidation of the tax base	485
26.3	The future of non-property-based taxes in the internet world	487
26.4	International trade treaty problem for federations and economic areas	492
26.5	Employer's national insurance contributions	494
26.6	The advantage of environmental taxes	495
26.7	European Union limitations	496
27	Government Proposals	499
27.1	Introduction	499
27.2	Economic instruments and housing development	500
27.3	Road pricing for heavy lorries	501
27.4	Nationwide satellite-based congestion charging	503
27.5	Pricing air passenger transport	504
27.6	Litter taxes	508
27.7	Taxing incineration	509
27.8	Conclusions	510
28	The EU Emissions Trading Directive	513
28.1	Introduction	513
28.2	Background to the EU Emissions Trading Directive	514
28.3	Provisions of the EU ETS Directive	525
28.4	Transposition of the EU ETS Directive into UK law	529
28.5	Developments since transposition of the EU ETS Directive	532
28.6	Concluding observations	534
 PART V: PROVISIONAL ASSESSMENT		
29	The Current State of Play	537
29.1	The problem of measuring success	537
29.2	How do the UK taxes measure up to this standard?	537
29.3	Success stories	542
29.4	Comparing 1997 with 2004	542
