part one

Foundational Topics in Adapted Physical Education and Sport

1

Chapter 1

Introduction to Adapted Physical Education and Sport . . . 3

Joseph P. Winnick

Meaning of Adapted Physical Education	4
Adapted Sport	6
Planning: Purposes, Aims, Goals, and Objectives	7
Service Providers	8
Brief History of Adapted Physical Education	9
Inclusion Movement	12
Litigation	12
Laws Important to Adapted Physical Education and Sport	12
History of Adapted Sport	16
Periodicals	18
Organizations	18
Summary	19
References	19
Written Resources	20
Electronic Resources	20

Chapter 2

Program Organization and Management 21

Joseph P. Winnick

Program and Curriculum Planning	22
Administrative Areas Related to Program Organization and Management	22
Human Resources	33
General Program Evaluation	38
Summary	38
References	38
Written Resources	38

Chapter 3

Adapted Sport 41

Michael J. Paciorek

Integration Continuum	42
Adapted Interscholastic Model for Sports	45
Sport Organizations	46
Olympic and Amateur Sports Act and USOC	47

U.S. Paralympics	47	Development of the IEP	91
Role of National and International Governing Bodies	48	Section 504 and the Accommodation Plan	95
International Organizations of Sport for the Disabled	49	Students Without Disabilities Who Have Unique Needs	96
Paralympic Games	49	Summary	98
Classification	50	References	98
School and Community-Based Adapted Sport Programming	51	Written Resources	99
Regular Sport Participation	52	Electronic Resources	99
Transition Services	54		
Role of the Physical Educator in Adapted Sport	55	Chapter 6	
What About Jeffrey Kling's Case?	56	Behavior Management..... 101	
Summary	56	E. Michael Loovis	
References	56	Applied Behavior Analysis	102
Written Resources	57	Types of Reinforcers	104
		Schedules of Reinforcement	105
Chapter 4		Procedures for Increasing Behavior	106
Measurement, Assessment, and Program Evaluation 59		Procedures for Decreasing Behavior	107
Manny Felix and Garth Tymeson		Uses of Applied Behavior Analysis in Physical Education and Sport	109
Terminology	60	Other Approaches	110
Standards for Assessment	60	Summary	115
Testing and Assessment in Adapted Physical Education	66	References	116
Test Instruments Used in Adapted Physical Education	70	Written Resources	116
Program Evaluation	75	Audiovisual Resources	117
Summary	77	Electronic Resources	117
References	77		
Written Resources	78	Chapter 7	
Electronic Resources	78	Instructional Strategies for Adapted Physical Education .. 119	
		Douglas H. Collier	
Chapter 5		Philosophical Approaches to Adapted Physical Education and Sport	120
Individualized Education Programs 79		Systematic Teaching: How to Facilitate Motor Learning	123
Manny Felix and Garth Tymeson		Meeting Individual Differences	125
Overview of Individualized Programs	80	Curricular Options: What to Teach?	128
Students With Disabilities: The IEP Document	82	Activity Modifications	129
Components of the IEP	82	Teaching Style	129
		Class Format	131
		Discrete Trial Teaching	133

Task Analysis	137
Using Support Services	144
Prescriptive Planning and Instructional Models	144

Summary	145
References	145
Written Resources	147
Electronic Resources	147

part two

Individuals With Unique Needs

149

Chapter 8

Intellectual Disabilities 151

Patricia L. Fegan

Definition, Classification, and Incidence	152
Causes of Intellectual Disabilities	154
Cognitive Development	155
Characteristics of People With Intellectual Disabilities	158
Down Syndrome	160
Assessment	161
Organizational Methods	161
Instructional Methods	162
Activities	164
Strategies for Inclusion	167
Special Olympics	167
Paralympic Games for People With Intellectual Disabilities	169
Safe Participation	169
Summary	170
References	170
Written Resources	171
Audiovisual Resources	172
Electronic Resources	172

Chapter 9

Behavioral Disabilities 173

E. Michael Loovis

Nature of Emotional and Behavioral Disorders	175
Causes of Behavioral Disorders	176

General Implications for Physical Education and Sport	177
Specific Approaches for Physical Education and Sport	182
Positive Behavioral Interventions and Support Systems	186
Inclusion	190
Summary	190
References	192
Written Resources	193
Audiovisual Resources	193
Electronic Resources	194

Chapter 10

Autism Spectrum Disorders. . . 195

Cathy Houston-Wilson

History of Autism and Asperger Syndrome ..	196
Autism Spectrum Disorders	198
Etiology	200
Incidence	201
Physical and Motor Characteristics	201
General Educational Approaches	201
Implications for Physical Education	203
Applied Behavior Analysis	210
Inclusion	210
Summary	210
References	211
Written Resources	212
Audiovisual Resources	212
Electronic Resources	212

Chapter 11 Specific Learning Disabilities . 215

Barry W. Lavay

What Is a Specific Learning Disability?	216
Behaviors Present Unique Challenges	221
General Educational Approaches	223
Recommendations for Teaching Physical Education and Sport	224
Summary	230
References	230
Written Resources	232
Audiovisual Resources	232
Electronic Resources	232

Chapter 12 Visual Impairments 233

Lauren J. Lieberman

Definition of Visual Impairment	234
Causes of Vision Loss	235
Characteristics of People With Visual Impairments	235
Teaching Students With Visual Impairments in Inclusive Physical Education	238
Sports for Athletes With Visual Impairments	244
Summary	247
References	247
Written Resources	248
Audiovisual Resources	248
Electronic Resources	248

Chapter 13 Hard of Hearing, Deaf, or Deafblind 251

Lauren J. Lieberman

Definitions of Hearing Loss	252
Types and Causes of Hearing Loss	253
Characteristics of Students With Hearing Loss	253

General Considerations for Teaching Physical Education to Students With Hearing Loss	257
Teaching Considerations for Students With Cochlear Implants	257
Inclusion Strategies for Teaching Students With Hearing Loss	258
Deafblindness	262
Sport Opportunities	264
Summary	265
References	266
Written Resources	267
Electronic Resources	267

Chapter 14 Cerebral Palsy, Traumatic Brain Injury, and Stroke 269

David L. Porretta

Cerebral Palsy	270
Traumatic Brain Injury	274
Stroke	277
Program Implications	279
Inclusion	286
Adapted Sport	286
Summary	288
References	288
Written Resources	289
Audiovisual Resources	289
Electronic Resources	289

Chapter 15 Amputations, Dwarfism, and Les Autres 291

David L. Porretta

Amputations	292
Dwarfism	294
Les Autres	295
Program Implications	302
Inclusion	307
Adapted Sport	307
Summary	309

References	309
Written Resources	309
Audiovisual Resources	310
Electronic Resources	310

Chapter 16

Spinal Cord Disabilities 311

Luke E. Kelly

Classifications	312
Spinal Cord Injuries	313
Spinal Column Deviations	329
Implications for Physical Education	338
Inclusion	340
Orthotic Devices	341
Adapted Sport Activities	343
Summary	344
References	344
Written Resources	345
Audiovisual Resources	345
Electronic Resources	345

Chapter 17

Other Health-Impaired Conditions 347

Francis M. Kozub

Diabetes Mellitus	348
Seizure Disorders	350

Asthma	351
Cancer	352
Cardiovascular Disorders	353
Anemia	354
AIDS and HIV	354
Tourette Syndrome	355
Inclusion	355
Summary	355
References	356
Written Resources	357
Audiovisual Resources	358
Electronic Resources	358

Chapter 18

Students With Temporary Disabilities and Other Special Conditions 359

Christine B. Stopka

Activity Injuries and Rehabilitative Exercises	360
Suggested Adapted Physical Activities for Long-Term Disorders	365
Summary	375
References	375
Written Resources	376
Electronic Resources	376

part three

Developmental Considerations

377

Chapter 19

Motor Development 379

John C. Ozmun and David L. Gallahue

Motor Development Defined	380
Categories of Movement	380
Motor Development as a Dynamic System ..	381

Phases of Motor Development	383
Summary	392
References	392
Written Resources	393
Electronic Resources	393

Chapter 20
Perceptual-Motor Development 395

Barry W. Lavay and Joseph P. Winnick

Overview of the Perceptual-Motor Process . 396
 Sensory Systems 401
 Summary 407
 References 407
 Written Resources 408
 Audiovisual Resources 409
 Electronic Resources 409

Chapter 21
Infants and Toddlers 411

Cathy Houston-Wilson

Legislation 412
 Teachers of Early Childhood
 Adapted Physical Education 413
 Assessment 413
 Goals and Objectives of Motor Programs
 for Infants and Toddlers 416
 Goals and Objectives of Motor Programs for
 Infants and Toddlers With Unique Needs . . 419
 Developmentally Appropriate 421
 Interactions With Infants and Toddlers

Interacting With Families 422
 Summary 423
 References 423
 Written Resources 424
 Audiovisual Resources 424
 Electronic Resources 424

Chapter 22
Early Childhood Adapted Physical Education 425

Lauriece L. Zittel

Identifying Young Children With Developmental
 Delays 426
 Assessment of Performance 426
 Early Childhood Program Standards
 and Learning Objectives 428
 Planning for Instruction 432
 Developmentally Appropriate Teaching
 Approaches 434
 Activities 437
 Summary 437
 References 438
 Written Resources 438
 Audiovisual Resources 439
 Electronic Resources 439

part four

**Activities for Individuals
 With Unique Needs
 441**

Chapter 23
Health-Related Physical Fitness and Physical Activity . . 443

Francis X. Short

Definitions 444
 Physical Fitness and Health 445
 Physical Activity and Health-Related
 Physical Fitness 446

Physical Activity and Health 454
 Summary 457
 References 457
 Written Resources 458
 Audiovisual Resources 458
 Electronic Resources 458

Chapter 24 Rhythmic Movement and Dance 461

Boni B. Boswell

Teaching Dance: What Is It?	462
Teaching Dance: What Is It Not?	462
Selection of Age-Appropriate Content	462
Rhythmic Movements	462
Creative Educational Dance	467
Structured Dance	475
Summary	479
References	480

Chapter 25 Aquatics 481

Monica Lepore

Benefits of Adapted Aquatics	482
General Teaching Suggestions	482
Aquatic Assessment	483
Adapting Swimming Skills	484
Orientation to Water	486
Facility and Equipment Considerations	487
Meeting Participants' Unique Needs	490
Swimming as a Competitive Sport	492
Other Aquatic Activities	494
Inclusion in Aquatic Activities	497
Summary	499
References	499
Written Resources	500
Audiovisual Resources	500
Electronic Resources	501
Other Resources	501

Chapter 26 Team Sports 503

David L. Porretta

Getting Involved	504
Basketball	504
Floor Hockey	506

Football	509
Soccer	510
Softball	514
Volleyball	518
Goalball	521
Quad Rugby	523
Inclusion	525
Summary	526
References	526
Written Resources	526
Audiovisual Resources	526
Electronic Resources	526

Chapter 27 Individual, Dual, and Adventure Sports and Activities 529

E. Michael Loovis

Tennis	530
Table Tennis	531
Angling	533
Archery	533
Badminton	535
Bowling	536
Fencing	538
Horseback Riding	539
Gymnastics	541
Wrestling and Judo	542
Track and Field	543
Golf	546
Powerlifting	548
Cycling	548
Boccia	550
Adventure Activities	551
Inclusion	552
Summary	553
References	553
Written Resources	554
Audiovisual Resources	554
Electronic Resources	554

Chapter 28
Winter Sport Activities 557

Luke E. Kelly

Value of Winter Sport 558
 Alpine Skiing 558
 Snowboarding 561
 Cross-Country Skiing 562
 Competitive Skiing for People
 With Disabilities 562
 Ice Skating 564
 Sledding and Tobogganing 566
 Hockey 566
 Curling 568
 Inclusion 568
 Summary 568
 References 568
 Written Resources 569
 Audiovisual Resources 569
 Electronic Resources 569

Chapter 29
**Enhancing Wheelchair
 Sport Performance 571**

Abu B. Yilla

Athlete and Wheelchair:
 A Systems Approach 572

Systems Approach: Combining the Athlete
 and the Wheelchair 580
 Introducing Juniors to Wheelchair Sport . . . 585
 Future Directions 588
 Summary 588
 References 588
 Written Resources 589
 Training Resources 590
 Audiovisual Resources 590
 Electronic Resources 590

Appendix A Definitions Associated With
 the Individuals With Disabilities
 Education Act (IDEA) 591

Appendix B Adapted Physical Education
 and Sport Contact Information 595

Appendix C Brockport Physical
 Fitness Test 603

Appendix D Rating Scale
 for Adapted Physical Education 607

Author Index 615

Subject Index 617
