Preface	vi	21	Reactions to Physical Agents	403
Dedication	vii	22	Cutaneous Infections and Infestations	413
Acknowledgments and Further Reading	viii	23	Bacterial and Rickettsial Infections	416
1	The Basics	24	Spirochetal Infections	445
2	Diagnostic Clues and “Need-to-know” Items	25	Mycoses and Algal Infections	451
3	Lichenoid Reaction Pattern	26	Viral Diseases	480
4	Psoriasiform Reaction Pattern	27	Protozoal Infections	501
5	Spongiotic Reaction Pattern	28	Marine Injuries	505
6	Vesiculobullous Reaction Pattern	29	Helminth Infestations	507
7	Granulomatous Reaction Pattern	30	Arthropod-induced Diseases	511
8	Vasculopathic Reaction Pattern	31	Tumors of the Epidermis	518
9	Disorders of Epidermal Maturation and Keratinization	32	Lentigines, Nevi and Melanomas	539
10	Disorders of Pigmentation	33	Tumors of Cutaneous Appendages	573
11	Disorders of Collagen	34	Fibrous Tumors and Tumor-like Proliferations	626
12	Disorders of Elastic Tissue	35	Tumors of Fat	654
13	Cutaneous Mucinoses	36	Tumors of Muscle, Cartilage, and Bone	665
14	Cutaneous Deposits	37	Neural and Neuroendocrine Tumors	674
15	Diseases of Cutaneous Appendages	38	Vascular Tumors	692
16	Cysts, Sinuses, and Pits	39	Cutaneous Metastases	724
17	Panniculitis	40	Cutaneous Non-lymphoid Infiltrates	735
18	Metabolic and Storage Diseases	41	Cutaneous Lymphomatous and Leukemic Infiltrates	760
19	Miscellaneous Conditions			
20	Cutaneous Drug Reactions			
			Index	781
