Prefa	acevi	21	Reactions to Physical Agents	403
Dedication vii		22	Cutaneous Infections and Infestations	413
Acknowledgments and Further Readingviii		23	Bacterial and Rickettsial Infections	416
1	The Basics1	24	Spirochetal Infections	445
2	Diagnostic Clues and "Need-to-know" Items11	25	Mycoses and Algal Infections	451
3	Lichenoid Reaction Pattern34	26	Viral Diseases	480
4		27	Protozoal Infections	501
5		28	Marine Injuries	505
6	Vesiculobullous Reaction Pattern90	29	Helminth Infestations	507
7	Granulomatous Reaction Pattern136	30	Arthropod-induced Diseases	511
8	Vasculopathic Reaction Pattern166	31	Tumors of the Epidermis	518
9	Disorders of Epidermal Maturation and	32	Lentigines, Nevi and Melanomas	539
	Keratinization199	33	Tumors of Cutaneous Appendages	573
10	Disorders of Pigmentation227	34	Fibrous Tumors and Tumor-like Proliferations .	626
11	Disorders of Collagen243	35	Tumors of Fat	654
12	Disorders of Elastic Tissue262	36	Tumors of Muscle, Cartilage, and Bone	665
13	Cutaneous Mucinoses273	37	Neural and Neuroendocrine Tumors	674
14	Cutaneous Deposits286	38	Vascular Tumors	692
15	Diseases of Cutaneous Appendages307	39	Cutaneous Metastases	724
16	Cysts, Sinuses, and Pits340	40	Cutaneous Non-lymphoid Infiltrates	735
17	Panniculitis361	41	Cutaneous Lymphomatous and Leukemic Infiltrates	760
18	Metabolic and Storage Diseases381			
19	Miscellaneous Conditions392	Inde	Χ	781
