

Content

CHAPTER 1

7

General introduction

CHAPTER 2

25

Evaluation of viability, developmental competence, and apoptosis-related transcripts during *in vivo* post-ovulatory oocyte aging in zebrafish *Danio rerio* (Hamilton, 1822)

CHAPTER 3

37

Aging oocytes: exploring apoptosis and its impact on embryonic development in common carp (*Cyprinus carpio*)

CHAPTER 4

53

General discussion
