

## Content

### CHAPTER 1 7

General introduction

### CHAPTER 2 23

DNA repair genes play a variety of roles in the development of fish embryos

### CHAPTER 3 39

Species-specific differences in DNA damage sensitivity at early developmental stages: A comparative study of sterlet (*Acipenser ruthenus*) and common carp (*Cyprinus carpio*)

### CHAPTER 4 53

Inhibition of Atm and Atr kinases affects embryo development and the DNA damage response in sterlet (*Acipenser ruthenus*)

### CHAPTER 5 65

DNA damage at an early stage affects neurodevelopment of the embryo in sterlet (*Acipenser ruthenus*)

### CHAPTER 6 91

General discussion 93
