5 A story filled with energy
6 Eine geschichte voller energie

9 **25 Years of ŠKO-ENERGO**

11 **We Are ŠKO-ENERGO: 25 Years of Clean Energy**

1995—2020

39 **Journey into the World of ŠKO-ENERGO**

40 Our facilities
42 Heating plant
50 Services and other utilities
56 Project management
60 Finance and management
60 Employees

65 **Keeping Customers Warm**

69 **Dedicated to Innovation**

72 Power to heat
74 E-mobility
77 Ultracapacitor grid stabilizer

81 **The Energy to Promote Ecology**

82 The energy to reduce emissions
84 The energy to seek resources
86 The energy to repurify water
88 The energy to protect endangered species
90 The energy to recycle

93 **Helping Others**

94 Sponsorship
96 Donations and grant program
97 Staff involvement
98 Volunteer events

101 **Clear Vision**

102 2035 Strategy
104 Smart factory
105 Ecological energy
106 E-mobility infrastructure
107 City with a high living standard

111 **Together from the Start**

119 **1895–1925**
River jizera provided power for electrification of the region and growth of Laurin & Klement

135 **1925–1960**
The carmaker's new heart starts pumping energy into production halls

147 **1960–1970**
Massive expansion as ŠKODA becomes an industrial giant in car manufacturing and heat production

163 **1970–1995**
The automobile factory becomes a city within a city of cars and young people
