

CONTENTS

GENETICS APPLIED TO ANIMAL BREEDING AND DISEASE CONTROL

- 4 Animal breeding and disease control in the context of the origin and development of genetics
V. Orel
- 5 Genetics applied to animal breeding and disease control: progress since 1950
G. Simm, Haja Kadarmideen, Jenie Pryce, S. Bishop, S. Lowden
- 7 An outline of heredity as seen by the XIXth century French zootechnicians
B. Denis
- 9 Genetics in veterinary medicine: present and future perspectives
P. Hořín, J. Rubeš
- 11 Relations between genetic change and infectious disease in domestic livestock
P. W. Knap, S. C. Bishop
- 13 History of selection on health in livestock in the Netherlands
A. H. Visscher, J.K. Oldenbroek
- 14 Historic evolution of the genetic teaching in the older Spanish veterinary schools
J. M. Pérez Garcia, Maria Castaño, Ana Rodríguez, M. Rodríguez
- 15 Official veterinarians and breeding – the development in Bavaria since 1900
R. Grimm
- 16 The Dutch museum “Animal breeding and AI”
J. A. H. van Lieshout, C. M. T. Willems
- 18 The role of Professor Dr h.c. F. B. Hutt in the renewal of genetics in veterinary medicine in Brno
R. Böhm, J. Šindlář

WOMEN IN VETERINARY MEDICINE

- 19 Gender and veterinary medicine: global historical perspectives
Susan D. Jones
- 21 Feminisation of veterinary medicine in the Netherlands 1925–2000
P. A. Koolmees
- 22 Women from Ukraine in veterinary medicine – the first female step in the world of higher veterinary education
S. K. Rudik, O. L. Manuylenko
- 24 The presence of women in the Spanish veterinary schools
Maria Castaño, Ana Rodríguez, J. M. Pérez Garcia, M. Rodríguez
- 25 Margaret Sloss: the first woman to graduate from the nation's oldest veterinary school
O. H. V. Stalheim
- 26 Helena Bujwid-Jurgielewiczowa, the first woman graduated in Poland from veterinary medicine
G. Jakubik
- 27 Dr. med. vet. Karin Fischer – the first female veterinarian on the Island of Riems
W. Wittmann, Beate Schnitzler
- 28 African veterinarians: the female perspective
Katinka de Balogh

MISCELLANEOUS

- 30 History of the veterinary anatomical nomenclature
O. Schaller
- 32 Notes on the development of the concept of zoonosis
A. Mantovani
- 33 Archives of the Hungarian veterinary university
J. Kováts

NÁRODNÍ KNIHOVNA

- 34 **A biographical register of Swedish veterinarians**
Barbro Hellgren
- 35 **On the peerage of Ignaz Josef Pessina von Czechorod**
Christina Mache, Ch. Stanek
- 36 **A contribution to the History of glanders at the Veterinary university Brno**
L. Pospíšil
- 38 **Prof. Dr. Karol Fried – the founder of veterinary historiography in the Slovak Republic**
J. Jantošovič, J. Pokorný, M. Kozák, V. Vrabec
- 40 **Professor Peter Jessen and the cattle plague**
E. Ernits
- 42 **The art of biography: Henrik J. Stafseth**
O. H. V. Stalheim
- 43 **History of archaeo-osteology at University of veterinary and pharmaceutical sciences Brno**
V. Páral
- 44 **Professor Jan Becka and still useful magnesium research from thirties**
J. Hlásný
- 45 **Participations of Czech veterinarians in programmes of WHO**
Z. Matyáš, J. Kolář, O. Matouch
- 46 **60 years of the veterinary laboratory diagnostics in Slovakia**
K. Boleček
- 49 **Mendelism in animal breeding as developed by prof. Leopold Frateur, Louvain (1877–1946)**
A. Gobin
- 51 **The role of filariasis in causing certain specific lesions in animals**
K. A. Fouad

VIDEO PRESENTATION

- 52 **Professor František Král and the beginnings of the scientific cinematography in Brno**
P. Kňáva
- 53 **The veterinary films of František Král as the films educational scientific & researchal**
Z. Smejkal
- 54 **The Association of Women Veterinarians, 50 years of grit, grace, gumption and good humor**
Susan D. Jones

POSTER PRESENTATIONS

- 55 **The general aspects of decreasing of cows leucosis in Latvia**
Aleksandra Petrova, A. Jemeljanovs, J. Bluzmanis
- 56 **Health heredity control in livestock in the Czech Republic**
Jaromíra Ondrášková, J. Slapnička
- 58 **Molecular cytogenetics of domestic animals**
J. Rubeš, Petra Musilová, Miluše Vozdová, Svatava Kubíčková, Olga Řezáčová, Dagmar Zudová, Halina Černoorská
- 58 **Slovak women and veterinary medicine**
J. Jantošovič, J. Sokol, J. Pokorný, Gabriela Sabolová, V. Vrabec
- 60 **Development of the Czech woman veterinary staff – from zero to 46 per cent**
J. Kábrt
- 61 **Who was Olga Borisovna Lepeshinskaya?**
Šárka Hejlová
- 62 **Data regarding the incidence of trichinellosis in Romania until 1940**
D. Curca

- 64 First observations on monodactylism (syndactylism) in swine made by Prof. Ch. Vasilescu between 1890–1894
D. Curca
- 65 H. Vasiliu first Romanian scientist, previously signalled the helical structure of protein
D. Curca
- 67 Prof. Dr. Pavel Adami – life and work
Š. Filo, Gabriela Sabolová
- 68 Prof. Dr. František Hutyra was born 140 years ago
J. Jantošovič, J. Pokorný, M. Kozák, V. Vrabec
- 70 The past and present of canine rabies in the Mediterranean basin
Elisabetta Lasagna, A. Mantovani, R. Marabelli
- 71 Scientific activities of Czechoslovak army veterinary corps
O. Pawel
- 72 The fate of the Experimental and SPF-chicken/hens Veterinary and Agricultural Department of the Humboldt-University at Berlin after the accession of the German Democratic Republic to the Federal Republic of Germany
H. Kobilke
- 73 Early small animal veterinary instruments
J. Broberg
- 73 Collection of animal pathogenic microorganisms (CAPM)
L. Valíček, V. Pleva
- 75 Goethe the anatomist – his role in the establishment of the veterinary school in Jena
H. E. König, Č. Červený, Eva Polsterer
- 76 50th anniversary of Czech journal Veterinarství
M. Treu, Hana Žertová
- 77 Female veterinarians – who was the first?
I. Katić
- 78 The veterinary films in the collection of the Veterinary museum in Brno
J. Šindlář
- 78 Official veterinarians and breeding in Bohemia and Moravia in the first half of the 20th century
J. Šindlář
- 79 The immediate participation of Gregor Mendel in the animal breeding administration in Moravia
J. Šindlář
- 79 Prof. Dr. Jan Kolda, Founder of the Czech Veterinary Morphology – 105th Anniversary
Č. Červený, F. Tichý, I. Míšek
- 80 List of participants
