List of abbreviations	xi	Neuroendocrine neoplasms	
		Neuroendocrine carcinomas	
Foreword	xii	Merkel cell carcinoma	95
ICD-O topographical coding	1	3 Melanocytic neoplasms	99
ICD-O morphological coding	1	Introduction	101
Skin tumours	2	Genomic landscape of melanoma	106
TNM staging of skin tumours	15	Melanocytic neoplasms in intermittently sun-exposed skin	
Carcinoma of the skin	16	Naevi	
Skin carcinoma of the head and neck	17	Junctional, compound, and dermal naevi	110
Carcinoma of the skin of the eyelid	19	Simple lentigo and lentiginous melanocytic naevus	113
Melanoma of the skin	20	Dysplastic naevus	115
Merkel cell carcinoma of the skin	22	Naevus spilus	119
Soft tissue sarcoma of the skin	23	Special-site naevi (of the breast, axilla, scalp, and ear)	121
1 Introduction to skin tumours	26	Halo naevus	123
2 Keratinocytic/epidermal tumours	27	Meyerson naevus	125
Introduction	28	Recurrent naevus	126
Carcinoma precursors and benign simulants		Combined naevus	128
Premalignant keratoses and precursors		Melanocytomas	
Actinic keratosis	30	WNT-activated deep penetrating / plexiform melanocytoma (naevus)	130
Arsenical keratosis	32	Pigmented epithelioid melanocytoma	132
PUVA keratosis	34	<i>BAP1</i> -inactivated melanocytoma	134
Squamous cell carcinoma in situ (Bowen disease)	36	MITF pathway-activated melanocytic tumours	136
Verrucae		Melanoma in intermittently sun-exposed skin	
Verruca vulgaris	38	Low-CSD melanoma (including superficial spreading melanoma)	138
Verruca plantaris and verruca palmaris	40	Melanocytic neoplasms in chronically sun-exposed skin	
Verruca plana	42	Melanoma in chronically sun-exposed skin	
Benign acanthomas/keratoses		High-CSD melanoma (including lentigo maligna melanoma)	141
Seborrhoeic keratosis	44	Desmoplastic melanoma	144
Solar lentigo	46	Spitz tumours	
Lichen planus-like keratosis	48	Spitz naevi	
Clear cell acanthoma	50	Pigmented spindle cell naevus (Reed naevus)	147
Large cell acanthoma	52	Spitz naevus	149
Warty dyskeratoma	54	Spitz melanocytoma	
Other benign keratoses	56	Spitz melanocytoma (atypical Spitz tumour)	152
Epidermal carcinomas		Spitz melanoma	
Basal cell carcinomas	58	Spitz melanoma	155
Superficial basal cell carcinoma	60	Melanocytic tumours in acral skin	
Nodular basal cell carcinoma	62	Acral naevi	
Micronodular basal cell carcinoma	64	Acral naevus	158
Infiltrating basal cell carcinoma	66	Acral melanomas	
Sclerosing/morphoeic basal cell carcinoma	68	Acral melanoma	160
Basosquamous carcinoma	70	Melanocytic neoplasms of the genitalia and mucosa	
Basal cell carcinoma with sarcomatoid differentiation	72	Mucosal and genital naevi	
Basal cell carcinoma with adnexal differentiation	74	Melanosis	163
Fibroepithelial basal cell carcinoma	76	Genital naevus	165
Keratoacanthoma		Mucosal melanoma	
Keratoacanthoma	78	Mucosal melanoma	167
Squamous cell carcinomas	82	Blue naevus and related neoplasms	
Verrucous squamous cell carcinoma	84	Blue naevi and melanocytoses	
Acantholytic squamous cell carcinoma	86	Naevus of Ito and naevus of Ota	169
Lymphoepithelial carcinoma	88	Congenital dermal melanocytosis	171
Clear cell squamous cell carcinoma	90	Blue naevus	173
Spindle cell squamous cell carcinoma	92	Melanomas arising from blue naevus	
Squamous cell carcinoma with sarcomatoid differentiation	94	Melanoma arising in blue naevus	176

Congenital melanocytic tumours		Trichoadenoma	283
Congenital naevi		Trichofolliculoma	285
Congenital melanocytic naevus	178	Pilar sheath acanthoma	287
Proliferative nodules in congenital melanocytic naevus	180	Tumour of the follicular infundibulum	288
Melanomas arising in congenital naevi		Trichodiscoma and fibrofolliculoma	290
Melanoma arising in giant congenital naevus	182	Malignant tumours with follicular differentiation	
Ocular and CNS melanocytic tumours		Proliferating trichilemmal tumour	292
Conjunctival melanocytic tumours		Pilomatrical carcinoma	294
Conjunctival naevus	184	Trichoblastic carcinoma/carcinosarcoma	296
Conjunctival melanocytic intraepithelial lesions	186	Trichilemmal carcinoma	298
Conjunctival melanoma	189	Tumours with sebaceous differentiation	
Uveal melanocytic tumours		Benign tumours with sebaceous differentiation	
Uveal melanocytoma	191	Sebaceoma	300
Uveal melanoma	193	Sebaceous adenoma	302
CNS melanocytic tumours		Malignant tumours with sebaceous differentiation	
Diffuse meningeal melanocytic neoplasms:		Sebaceous carcinoma	304
Melanocytosis and melanomatosis	196	Site-specific appendageal tumours	
Circumscribed meningeal melanocytic neoplasms: Melanocytoma and melanoma	199	Benign site-specific appendageal tumours	
Nodular, naevoid, and metastatic melanomas		Hidradenoma papilliferum	307
Nodular and other melanomas		Fibroadenoma and phyllodes tumour of anogenital mammary-like glands	309
Nodular melanoma	202	Malignant site-specific appendageal tumours	
Naevoid melanoma	204	Mammary Paget disease	311
Dermal melanoma	206	Extramammary Paget disease	313
Metastatic melanomas		Adenocarcinoma of mammary gland type	315
Melanoma metastatic to the skin	208		
Melanoma metastatic to other organs	210	5 Tumours of the nail unit	317
4 Appendageal tumours	213	Nail bed epithelial tumours	
Introduction	215	Onychomatricoma	318
Tumours with apocrine and eccrine differentiation		Onychopapilloma	320
Benign apocrine and eccrine tumours		Ungual fibrokeratoma	322
Hidrocystoma/cystadenoma	217	Onychocytic matricoma	324
Syringoma	219	Subungual keratoacanthoma	326
Poroma	221		
Syringofibroadenoma	223	6 Tumours of haematopoietic and lymphoid origin	329
Hidradenoma	225	Introduction	331
Spiradenoma	227	Myeloid proliferations and neoplasms	
Cylindroma	229	Mastocytosis	
Tubular adenoma	231	Mastocytosis	335
Syringocystadenoma papilliferum	233	Mast cell sarcoma	339
Mixed tumour	235	Secondary cutaneous involvement in myeloid neoplasms	
Myoepithelial tumour	237	Cutaneous involvement in myeloid neoplasms, including myeloid sarcoma	341
Malignant apocrine and eccrine tumours		Histiocytic or dendritic cell neoplasms	
Adnexal adenocarcinoma NOS	239	Plasmacytoid dendritic cell neoplasms	
Microcystic adnexal carcinoma	241	Mature plasmacytoid dendritic cell proliferation associated with myeloid neoplasm	344
Cribriform tumour (previously carcinoma)	243	Blastic plasmacytoid dendritic cell neoplasm	346
Porocarcinoma	245	Langerhans cell neoplasms	
NUT carcinoma	247	Langerhans cell histiocytosis	348
Malignant neoplasms arising from spiradenoma, cylindroma, or spiradenocylindroma	249	Histiocytic tumours	
Malignant mixed tumour	252	Xanthelasma	352
Hidradenocarcinoma	254	Juvenile xanthogranuloma	354
Endocrine mucin-producing sweat gland carcinoma	256	Reticulohistiocytosis	357
Mucinous carcinoma	258	Rosai–Dorfman disease	360
Digital papillary adenocarcinoma	260	Erdheim–Chester disease	363
Adenoid cystic carcinoma	262	ALK-positive histiocytosis	365
Apocrine carcinoma	264	Histiocytic sarcoma	367
Squamoid eccrine ductal carcinoma	266	Other dendritic cell neoplasms	
Syringocystadenocarcinoma papilliferum	268	Indeterminate dendritic cell tumour	369
Secretory carcinoma	270	Cutaneous B-cell lymphoproliferative disorders and neoplasms	
Signet-ring cell / histiocytoid carcinoma	272	Reactive B-cell-rich lymphoid proliferations	371
Tumours with follicular differentiation		Primary cutaneous mature B-cell neoplasms	
Benign tumours with follicular differentiation		Primary cutaneous marginal zone lymphoma	374
Trichoblastoma	274	Primary cutaneous follicle centre lymphoma	377
Pilomatricoma	277	Primary cutaneous diffuse large B-cell lymphoma, leg type	380
Melanocytic matricoma	279	Intravascular large B-cell lymphoma	383
Trichilemmoma	281		

Cutaneous involvement in primarily extracutaneous B-cell lymphomas and leukaemias		Fibrous papule	483
Mantle cell lymphoma	385	Fibroblastic connective tissue naevus	485
Burkitt lymphoma	387	Fibro-osseous tumour of digits	487
Chronic lymphocytic leukaemia / small lymphocytic lymphoma	389	Dermatofibroma (fibrous histiocytoma)	488
B-lymphoblastic leukaemia/lymphoma	391	Superficial fibromatosis	491
Lymphomatoid granulomatosis	393	Inclusion body fibromatosis	493
Cutaneous T-cell and NK-cell lymphoproliferative disorders and neoplasms		Plexiform fibrohistiocytic tumour	495
Reactive T-cell-rich lymphoid proliferations	396	Superficial acral fibromyxoma	497
Primary cutaneous T-cell disorders		Cutaneous myxoma (superficial angiomyxoma)	499
Primary cutaneous CD4-positive small or medium T-cell lymphoproliferative disorder	399	Dermatomyofibroma	501
Mycosis fungoides	402	Multinucleate cell angiohistiocytoma	503
Primary cutaneous CD30-positive T-cell lymphoproliferative disorder: Lymphomatoid papulosis	407	Plaque-like CD34-positive dermal fibroma	505
Primary cutaneous CD30-positive T-cell lymphoproliferative disorder: Primary cutaneous anaplastic large cell lymphoma	411	Nodular fasciitis	507
Subcutaneous panniculitis-like T-cell lymphoma	414	<i>EWSR1::SMAD3</i> -rearranged fibroblastic tumour	509
Primary cutaneous gamma/delta T-cell lymphoma	416	Intermediate fibroblastic, myofibroblastic, and fibrohistiocytic neoplasms	
Primary cutaneous acral CD8-positive T-cell lymphoproliferative disorder	419	Dermatofibrosarcoma protuberans	511
Primary cutaneous CD8-positive aggressive epidermotropic cytotoxic T-cell lymphoma	422	Myxoinflammatory fibroblastic sarcoma	515
Primary cutaneous peripheral T-cell lymphoma NOS	425	Malignant fibroblastic, myofibroblastic, and fibrohistiocytic neoplasms	
Sézary syndrome	427	Myxofibrosarcoma	517
EBV-positive lymphoproliferative diseases of childhood		Vascular tumours	
Severe mosquito bite allergy	430	Haemangiomas	
Hydroa vacciniforme lymphoproliferative disorder	432	Cherry haemangioma	519
Secondary cutaneous involvement in T-cell and NK-cell lymphomas and leukaemias		Sinusoidal haemangioma	520
Anaplastic large cell lymphoma	434	Microvenular haemangioma	521
Nodal T follicular helper cell lymphoma, angioimmunoblastic type	437	Hobnail haemangioma	522
T-prolymphocytic leukaemia	439	Glomeruloid haemangioma	524
T-lymphoblastic leukaemia/lymphoma	442	Papillary haemangioma	525
Adult T-cell leukaemia/lymphoma	444	Spindle cell haemangioma	526
Extranodal NK/T-cell lymphoma	446	Epithelioid haemangioma	528
Other cutaneous lymphoproliferative disorders		Tufted haemangioma	530
Lymphoproliferative disorders and lymphomas associated with immunodeficiency and dysregulation		Angiokeratoma	532
Introduction	449	Infantile haemangioma	534
EBV-positive mucocutaneous ulcer	450	Congenital non-progressive haemangiomas:	
Inborn error of immunity-associated lymphoproliferative disorders	453	Rapidly involuting congenital haemangioma and non-involuting congenital haemangioma	536
7 Soft tissue tumours	455	Lobular capillary haemangioma	538
Introduction	457	Poikilodermatous plaque-like haemangioma	540
Adipocytic tumours		Acquired elastotic haemangioma	542
Naevus lipomatosus superficialis	459	Verrucous venous malformation	543
Lipoma	461	Arteriovenous malformation	545
Angiolipoma	463	Other benign vascular tumours	
Spindle cell / pleomorphic lipoma	465	Lymphangioma (superficial lymphatic malformation)	547
Atypical lipomatous tumour	467	Cutaneous epithelioid angiomatous nodule	549
Pleomorphic liposarcoma	469	Postradiation atypical vascular lesion	551
Fibroblastic, myofibroblastic, and fibrohistiocytic tumours		Intermediate vascular neoplasms	
Benign fibroblastic, myofibroblastic, and fibrohistiocytic neoplasms		Pseudomyogenic haemangioendothelioma	553
Fibroma of tendon sheath	471	Epithelioid haemangioendothelioma	555
Calcifying aponeurotic fibroma	473	Hobnail haemangioendotheliomas	557
Sclerotic fibroma	475	Composite haemangioendothelioma	559
Nuchal-type fibroma	476	Kaposi sarcoma	561
Gardner fibroma	478	Malignant vascular sarcomas	
Pleomorphic fibroma	479	Cutaneous angiosarcoma	566
Elastofibroma	481	Pericytic and perivascular tumours	
Desmoplastic fibroblastoma	482	Benign pericytic and perivascular neoplasms	
		Glomus tumour	568
		Myopericytoma	571
		Myofibroma and myofibromatosis	573
		Angioleiomyoma	575
		Smooth muscle tumours	
		Benign smooth muscle neoplasms	
		Smooth muscle hamartoma	577
		Cutaneous leiomyomas	579
		EBV-associated smooth muscle tumour	581
		Intermediate smooth muscle neoplasms	
		Atypical intradermal smooth muscle neoplasm	583

Neural tumours		8 Metastases to skin	633
Benign neural neoplasms		Metastases to skin	634
Dermal hyperneury / epithelial sheath neuroma	585	Cancer of unknown primary site	637
Solitary circumscribed neuroma	587		
Dermal nerve sheath myxoma	589	9 Genetic tumour syndromes associated with	
Perineurioma	591	skin malignancies	641
Neurofibroma	593	Introduction	642
Schwannoma	596	Familial melanoma	645
Granular cell tumour	598	<i>BAP1</i> -related tumour predisposition syndrome	648
Hybrid nerve sheath tumours	601	Xeroderma pigmentosum	650
Malignant neural neoplasms		Naevoid basal cell carcinoma syndrome	
Malignant peripheral nerve sheath tumour	603	(Gorlin syndrome)	653
Tumours of uncertain differentiation		Carney complex	656
Benign neoplasms of uncertain differentiation		Muir–Torre syndrome	658
Cellular neurothekeoma	606	Brooke–Spiegler and related syndromes	660
Epithelioid fibrous histiocytoma	608		
Non-neural granular cell tumour	610	Contributors	663
PEComa	612		
Intermediate neoplasms of uncertain differentiation		Declaration of interests	672
Angiomatoid fibrous histiocytoma	614		
NTRK-rearranged spindle cell neoplasm	616	IARC/WHO Committee for ICD-O	673
Atypical fibroxanthoma	618		
Superficial CD34-positive fibroblastic tumour	621	Sources	674
Malignant neoplasms of uncertain differentiation			
Pleomorphic dermal sarcoma	623	References	682
Epithelioid sarcoma	625		
<i>CRTC1::TRIM11</i> cutaneous tumour	627	Subject index	752
Dermal clear cell sarcoma	629		
Ewing sarcoma	631	Previous volumes in the series	762
