<i>Foreword</i>	<i>xvii</i>
Peter Brukner	
<i>Prologue: Why bother monitoring and optimising breathing issues in athletic individuals?</i>	<i>xix</i>
John W. Dickinson and James H. Hull	
1 The respiratory system and exercise	1
<i>Karl P. Sylvester</i>	
2 Respiratory limitations to exercise	16
<i>Joseph F. Welch, Bruno Archiza and A. William Sheel</i>	
3 The environment and its impact on respiratory health	27
<i>Michael Koehle</i>	
4 Epidemiology and pathophysiology of exercise-induced bronchoconstriction in athletes	41
<i>Pascale Kippelen and Andrew Simpson</i>	
5 Diagnosis of exercise-induced bronchoconstriction	55
<i>Oliver J. Price, John W. Dickinson and John D. Brannan</i>	
6 Pharmacological treatment of asthma-related issues in athletes	75
<i>Matteo Bonini and James H. Hull</i>	

7 Non-pharmacological management of asthma-related issues in athletes <i>Neil C. Williams, Michael A. Johnson, Emily M. Adamic and Timothy D. Mickleborough</i>	86
8 Nasal problems in the athlete <i>Guy Scadding</i>	99
9 Exercise-induced laryngeal obstruction <i>J. Tod Olin and Emil S. Walsted</i>	119
10 Dealing with respiratory infection in athletes <i>James H. Hull and Glen Davison</i>	132
11 Breathing pattern disorders in athletes <i>John W. Dickinson and Anna Boniface</i>	147
12 Role of respiratory muscle training to treat exercise respiratory symptoms <i>Hege Havstad Clemm and John W. Dickinson</i>	170
13 Epilogue: Bringing it all together to optimise athlete respiratory care <i>John W. Dickinson, Jon Greenwell and James H. Hull</i>	182
<i>Acknowledgements</i>	197
