

Contents

- 1 Embryology of the Spinal Cord and Vertebral Column
John E. Lonstein
- 11 Vascular Supply of the Spinal Cord and the Clinical Significance
Lois A. Gillilan
- 25 Spinal Mechanics
James M. Morris
- 41 Developmental Abnormalities of Spinal Cord and Vertebral Column
John E. Lonstein
- 53 Postlaminectomy Kyphosis
John E. Lonstein
- 65 Mechanism of Spinal Injuries
E. Shannon Stauffer
- 75 Achondroplasia—Clinical Manifestations and Neurological Significance
Lowell D. Lutter
- 99 Myelographic Evaluation of Curvatures of the Spine
Lawrence H. A. Gold
- 113 Treatment of Cervical Spinal Deformity with Neurological Deficit
Edward L. Seljeskog
- 131 Treatment of Thoracic Spinal Deformity with Neurological Deficit
Shelley N. Chou
- 139 Treatment of Thoracolumbar Fractures with Associated Neurological Injury
Donald L. Erickson
- 147 Spine Fusion
Roby C. Thompson
- 155 Role of Internal Fixation and Spine Fusion in Thoracic and Lumbar Spine Fractures
David S. Bradford
- 175 Spondylolysis and Spondylolisthesis
David S. Bradford

- 201 Treatment of Occult Spinal Dysraphic Abnormalities
Donald L. Erickson
- 209 Treatment of Scoliosis and Possible Neurological Complications
Robert Winter
- 231 External Fixation of the Spine
James M. Morris
- 241 Neurourological Evaluation in Patients with Neurovesical Dysfunction: Techniques and Pathophysiological Significance
Gaylan L. Rockswold
- 255 Spinal Cord Injury and Cost Accounting: A Preliminary Report
Theodore M. Cole
