

'What are we? Where do we come from?  
*Human Peoples* takes us on a fascinating  
tour through what our genetics reveal  
about our deep-time history as a species.  
Astonishing and eye-opening'

LEWIS DARTNELL

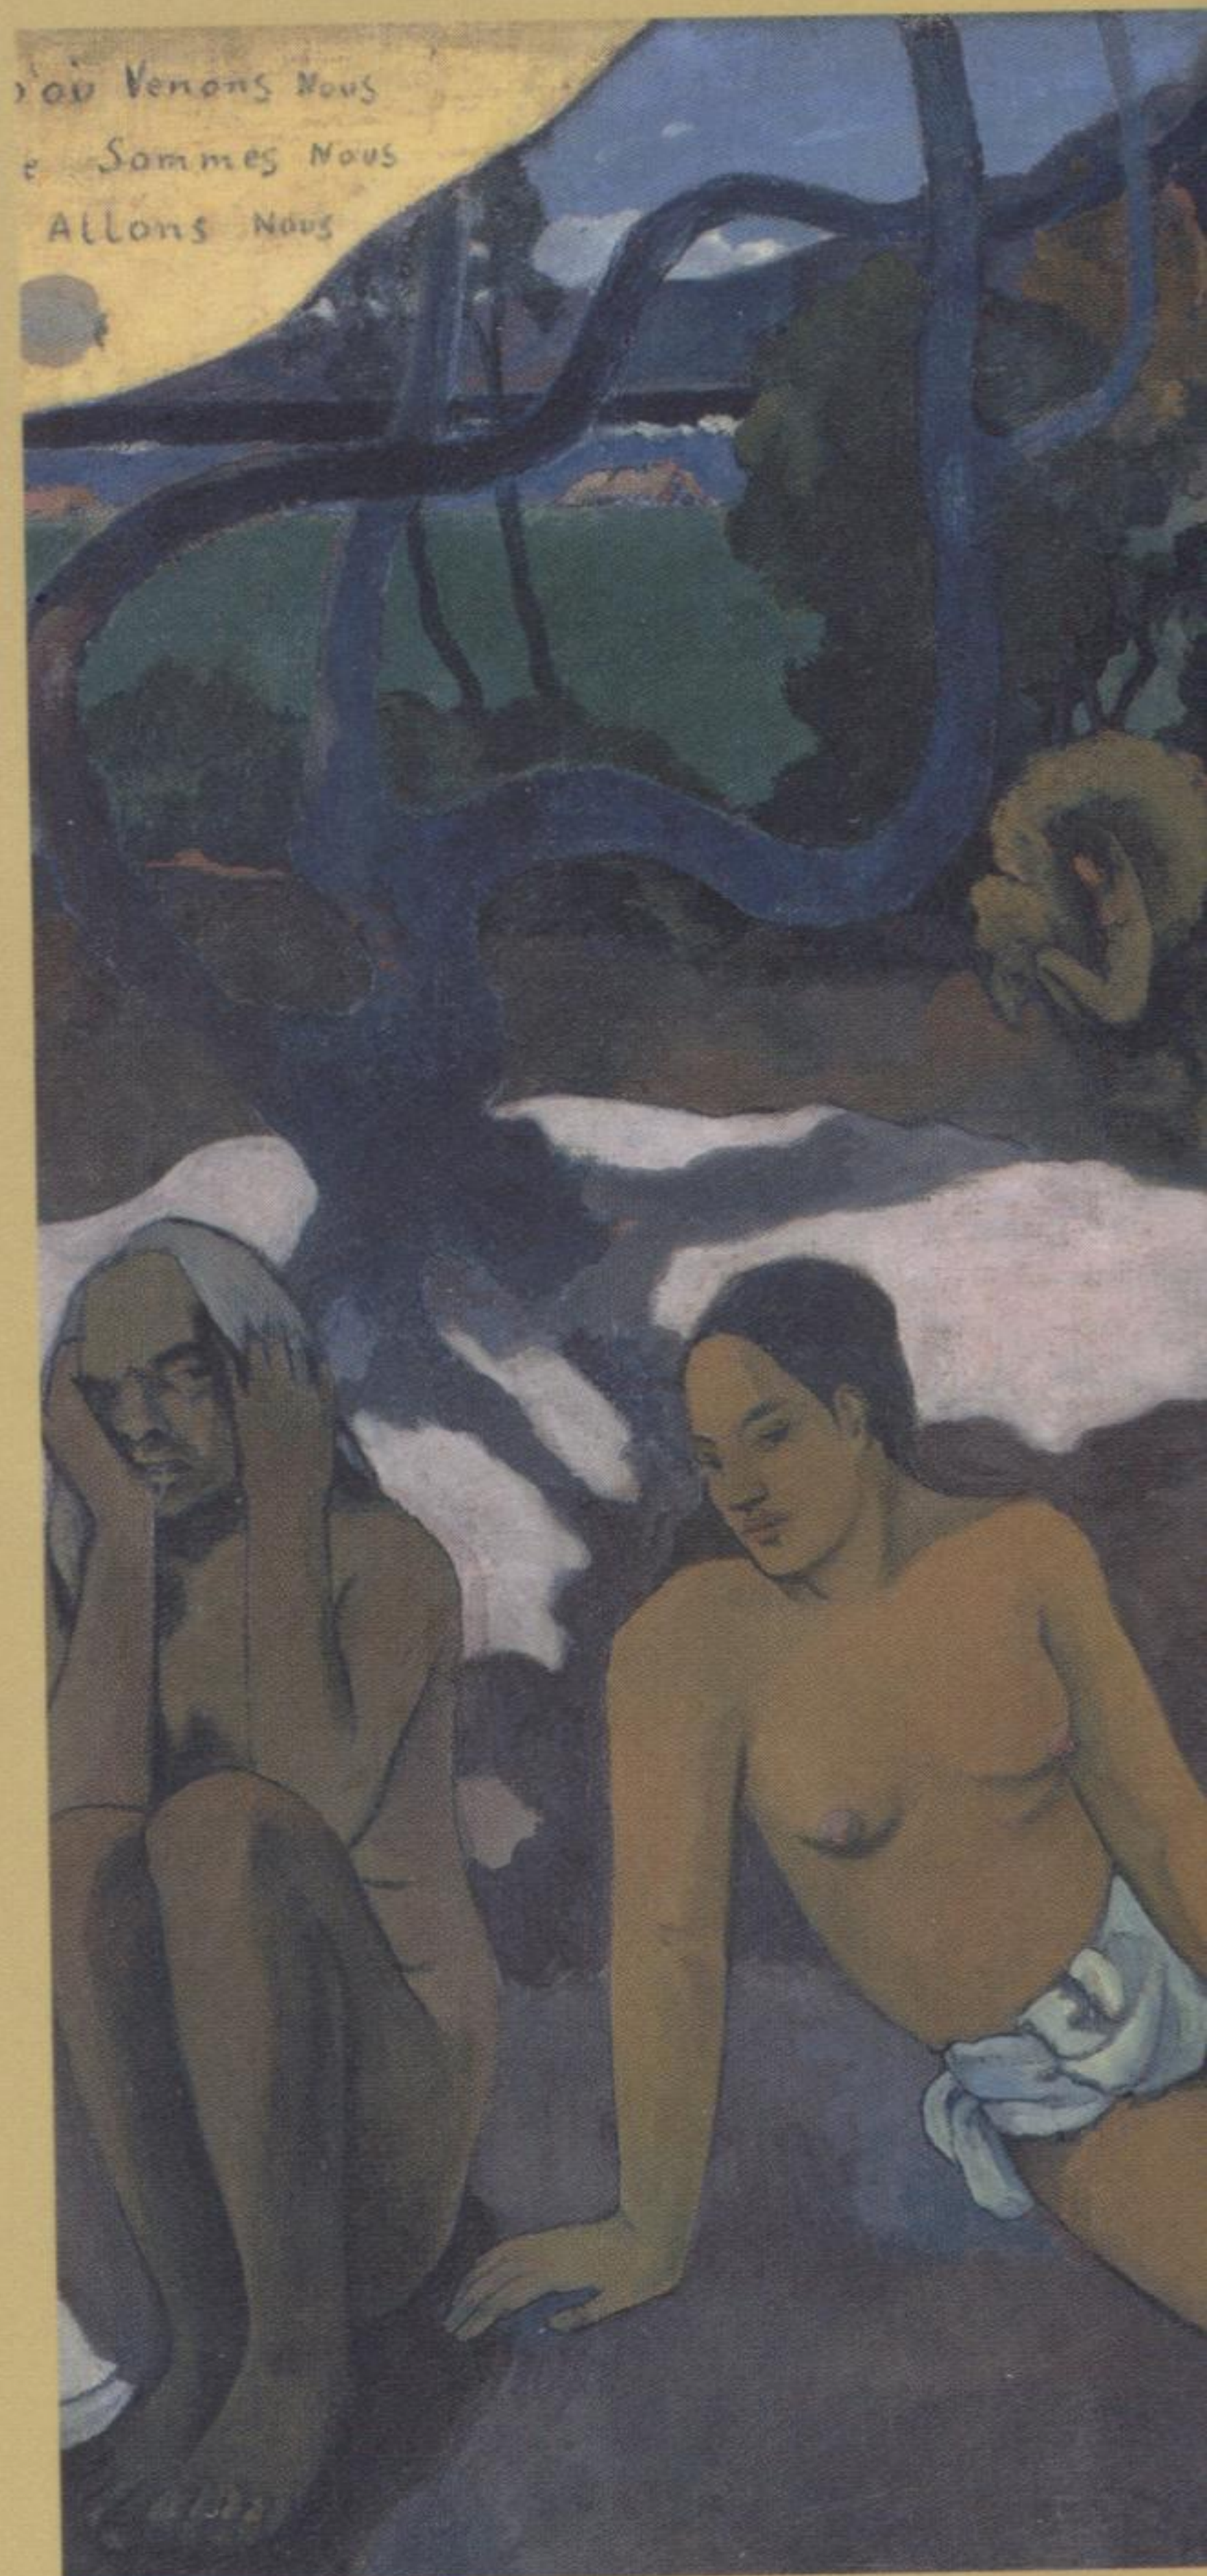

'Masterful and ambitious. If you want  
to understand the power of population  
genetics in revealing the complex and  
diverse story of humanity, read this book'
