

CONTENTS

CHAP.	PAGE
<i>Preface</i>	vii
I. Alloy-free Carbon Tool Steels	I
II. Alloy Die Steels	12
III. Alloy Steels for Chisels	30
IV. Miscellaneous Alloy Tool Steels	36
V. High-speed Tool Steels	44
VI. Alloy Steels for Plastic Moulds and Hobs	64
VII. Butt-welded Cutting Tools	74
VIII. Deposit-welded High-speed Steel Tools	81
IX. Stellite	89
X. Tungsten-carbide and Kindred Alloys	100
XI. Grinding the Cutting-tool Materials	124
XII. Testing and Inspection of Tool Steels	135
Appendix I. Guide to Steels for Cutting Tools	150
Appendix II. Typical Compositions of Steels in Appendix I	172
Appendix III. Standard Shank Sections, Lengths, and Shapes	173
Appendix IV. General Recommendations for Tung- sten-carbide-tipped Cutting Tools	176
<i>Index</i>	179
