Part I Clinically Relevant Science

Epidemiology of Acute Pancreatitis	3
Jeffrey J. Easler and Dhiraj Yadav	
Genetic Factors in Acute Pancreatitis	23
David C. Whitcomb	
Acinar Cell Events Initiating Acute Pancreatitis	39
Anna S. Gukovskaya and Ilya Gukovsky	
Pathophysiology of Local Pancreatic Complications	61
Nicholas J. Zyromski	
Mechanisms in Systemic Inflammation	77
Julia Mayerle and Matthias Sendler	
Mechanisms of Organ Failure	89
Vijay P. Singh, Anoop Narayana Pillai, Prasad Rajalingamgari, and Biswajit Khatua	

Part II Clinical Management

Post-ERCP Pancreatitis and Prevention	119
Venkata S. Akshintala and Vikesh K. Singh	
Diagnosis and Severity of Acute Pancreatitis	133
Enrique de-Madaria and Gabriele Capurso	
Acute Pancreatitis: Pain and Analgesia	143
Sanjay Pandanaboyana and Asbjørn Mohr Drewes	
Fluids and Resuscitation	151
Jorge D. Machicado and Georgios I. Papachristou	
Nutritional Support	161
Jenifer Barrie and Dileep N. Lobo	
Antibiotics and Probiotics	175
Rupjyoti Talukdar	

Managing Biliary Pancreatitis	183
Marco J. Bruno	
Managing Hypertriglyceridaemia-Associated Acute Pancreatitis . . .	191
Wei Huang and Qing Xia	
Managing Idiopathic Pancreatitis	203
Rowan W. Parks and Elizabeth Gleeson	
Managing Local Complications	217
Hannah S. Pauw and Hjalmar C. van Santvoort	
Managing Organ Failure in Acute Pancreatitis	235
Lu Ke, Wenjian Mao, and Weiqin Li	
Correction to: Acinar Cell Events Initiating Acute Pancreatitis	C1
Anna S. Gukovskaya and Ilya Gukovsky
