|---|--|-----|
| ▶ | <b>Preface</b>   | 8   |
| ▶ | <b>Systematics</b>   | 10  |
|   | Family Emydidae  | 10  |
|   | Synonyms of <i>Emys orbicularis</i>                                | 14  |
|   | Popular names  | 16  |
| ▶ | <b>Fossils</b>   | 18  |
| ▶ | <b>Description</b>   | 21  |
|   | Size and weight  | 21  |
|   | Appearance   | 24  |
|   | Colouration  | 25  |
|   | Secondary sexual characters  | 26  |
|   | Haemogram  | 27  |
| ▶ | <b>Subspecies</b>  | 28  |
|   | Insert: The mitochondrial DNA                                      | 30  |
|   | The subspecies concept according to FRITZ                          | 36  |
|   | Subspecies Table   | 37  |
|   | Karyotype  | 40  |
| ▶ | <b>Distribution</b>  | 41  |
|   | Present distribution   | 41  |
|   | Box: Conditions for the reintroduction of the European pond turtle | 43  |
| ▶ | <b>Biotopes &amp; habits</b>                                       | 85  |
|   | Biotopes   | 85  |
|   | Habits   | 88  |
|   | Annual cycle   | 88  |
|   | Thermoregulation and diurnal cycle                                 | 90  |
|   | Feeding  | 92  |
|   | Reproduction   | 92  |
|   | Nesting  | 96  |
|   | Juvenile development   | 103 |
| ▶ | <b>Threats &amp; protection measures</b>                           | 106 |

# CONTENTS

|   |  |     |
|---|--|-----|
| ▶ | <b>Keeping &amp; breeding</b>  | III |
|   | Keeping in the indoor terrarium  | III |
|   | Keeping in outdoor terraria  | II4 |
|   | <b>Box: Is an outdoor compound also suited for natural reproduction?</b> | II7 |
|   | Raising in outdoor terraria  | II8 |
|   | Acquisition and health check   | II8 |
|   | Species protection rules   | II9 |
|   | Feeding  | I20 |
|   | <b>Box: Feeding "turtle pudding"</b>                                     | I24 |
|   | – how much and how often?  | I25 |
| ▶ | <b>Climatic annual cycle</b>   | I27 |
|   | Basics   | I27 |
|   | Hibernation  | I27 |
| ▶ | <b>Captive breeding &amp; raising</b>                                    | I29 |
|   | Courtship behaviour and copulations                                      | I29 |
|   | Egg-laying   | I29 |
|   | Artificial incubation of eggs  | I3I |
|   | <b>Box: Temperature-dependend sex determination (TDSD)</b>               | I33 |
|   | Hatching   | I35 |
|   | Raising  | I36 |
|   | Hybrids, multiples and deformities                                       | I38 |
| ▶ | <b>Diseases &amp; parasites</b>  | I39 |
|   | Hygiene  | I39 |
|   | First aid for...   | I4I |
|   | Feeding-related problems   | I42 |
|   | Illnesses following wrong keeping  | I43 |
|   | Infections with endoparasites  | I44 |
| ▶ | <b>Cultural history</b>  | I47 |
|   | The genus <i>Emys</i> in philately and numismatics                       | I50 |

|   |     |
