Sexuality Reproduction & Menopause is a publication of the American Society for Reproductive Medicine and is a supplement to *Fertility and Sterility*. It is issued by Elsevier Inc., 360 Park Avenue South, New York, NY 10010-1710.

For more information about submissions to *Sexuality, Reproduction & Menopause*, please contact: Jennifer Price, MA, SRM Managing Editor, American Society for Reproductive Medicine, 1209 Montgomery Highway, Birmingham, AL 35216. Phone: (205) 978-5000, ext. 116; E-mail: jprice@asrm.org.

Statements and opinions expressed in articles, editorials and communications published in *Sexuality, Reproduction & Menopause* do not necessarily represent those of the editors, publisher or the American Society for Reproductive Medicine.

OCTOBER 2006

VOL.4 No.2

Sexuality Reproduction & Menopause

A Publication of the
AMERICAN SOCIETY FOR REPRODUCTIVE MEDICINE

Sexuality, Reproduction & Menopause, a semi-annual journal, seeks to expand the horizon of healthcare with clear, topical, and thought-provoking articles affecting the sexual, reproductive, and post-reproductive health of men and women.

EDITORIAL

45

Farewell

Machelle M. Seibel, MD, Editor-in-Chief

46

Health through music and song

Machelle M. Seibel, MD, Editor-in-Chief

ARTICLES

48

Effective empiric treatment of infertility

Empiric evidence reveals promising solutions to infertility.

H. Preston Nelson, MD, FACOG; G. David Adamson, MD, FRCSC, FACOG, FACS

Table of Contents continued on next page

ARTICLES (CONTINUED)

52

Androgen therapy for low female libido

Decreased levels of androgens contribute to a decline in sexual desire in older women—but that doesn't always have to remain the case.

Mohamad S. Mahmoud, MD; Michael P. Diamond, MD; Richard Balon, MD

60

Imaging of pregnancy-associated breast cancer

Imaging techniques used to diagnose and treat breast cancer during pregnancy and postpartum offer unique challenges.

Alan Semine, MD; Claire Cronin, MD

66

Overactive bladder and urinary incontinence:

A multitherapy approach

Although in its early stage of assessment, this comprehensive treatment shows immense promise.

Kristine L. Wood, ARNP-C, FNP-C; Karen Finstrom, ARNP-C; Carl Newman, MD

71

Vulvodynia: Real condition, real pain

The first step in treatment is forging a good therapeutic alliance with your patient.

Gloria Bachmann, MD; Janice McElhiney; Shillena Peters, MD; Raymond Rosen, MD

74

Women's knowledge, attitudes, and perceptions of the vagina

Women need and want more information on vaginal health and a more open environment in which to discuss it.

Margaret M. Thompson, MD

80

Skin in the spotlight: Cosmetic treatments

Patients are relying on their gynecologists for information about treatments in other specialties. Here are answers relating to cosmetic dermatology.

Robin Travers, MD; Jeffrey T. S. Hsu, MD

ALTERNATIVE THEORIES AND APPLICATIONS

86

Demystifying alternative sexual behaviors

A basic knowledge of all forms of sexual behavior allows for accurate and thorough diagnosis, treatment, and ongoing care.

Charles Moser, PhD, MD, FACP

91

Soybean bioactive peptides: A new horizon in the prevention of chronic diseases

This in-depth discussion of soybean bioactive peptides shows just how inclusive these natural substances are in their fight against a host of major human diseases.

Elvira de Mejia, PhD; Ben O. de Lumen, PhD

96

Condoms: The need for predictable contraception

A new look at condoms and condom applicators.

S. Alexander Weinstock, PhD; Martin L. Lesser, PhD; Leon B. Kassman
