List of contributors
Notes on contributors

1 Introduction
ROGER M. BARRETT

2 Motion analysis using video
CARL J. PAYTON

3 Motion analysis using on-line systems
CLARE E. MILLER

4 Force and pressure measurement
ADRIAN L. READING

5 Subject characteristics
ADRIAN READING

6 Inertial dynamics
YASUO SAITO

7 Data processing and error management
JOHN H. CHALLINOR

8 Research methods: sample size and statistical power
DAVID H. MILLER

9 Computer simulation modelling in sport
MAURICE R. YEADON
