

# TABLE OF CONTENTS

Preface: A Fresh Look at Manufacturing . . . . .	7
Acknowledgments . . . . .	12
Disclaimers . . . . .	13

## **SECTION I:**

### **CURRENT STATE OF MANUFACTURING IN USA . . . . . 15**

Chapter 1: The Elephant in the Room – Manufacturing	
Job Losses . . . . .	16
Effect of Automation . . . . .	18
Discussion Topics . . . . .	20
Chapter 2: Manufacturing Today. . . . .	22
Automation is Not the Enemy . . . . .	23
Discussion Topics . . . . .	24

## **SECTION II:**

### **TWO REASONS MANUFACTURING IS IMPORTANT . . . . . 25**

Chapter 3: Manufacturing and National Defense . . . . .	26
Vulnerabilities in the Supply Chain . . . . .	29
USA Manufacturing Institutes . . . . .	29
Discussion Topics . . . . .	31
Chapter 4: Manufacturing for Wealth Creation	
and Distribution . . . . .	32
The Manufacturing Multiplier Effect. . . . .	33
Discussion Topics . . . . .	34

## **SECTION III:**

### **ABOUT MANUFACTURING AND BUSINESS . . . . . 35**

Chapter 5: Manufacturing Industries and Processes . . . . .	36
Discussion Topics . . . . .	39

Chapter 6: Internet of Things, Industrial Internet of Things, Industry 4.0 – I’m So Confused . . . . .	40
How IoT, IIoT, and Industry 4.0 are Related . . . . .	41
The Four Industrial Revolutions. . . . .	42
Discussion Topics . . . . .	46
Chapter 7: What Xactly is XaaS? . . . . .	47
Everything as a Service?. . . . .	49
Discussion Topics . . . . .	51
 <b>SECTION IV:</b>	
<b>ENABLING TECHNOLOGIES: THE HARDWARE GADGETS AND GIZMOS . . . . .</b>	
<b>53</b>	
Chapter 8: Industrial Networks and Cybersecurity . . . . .	54
Networks . . . . .	54
Cybersecurity in the Industrial Plant. . . . .	57
Movies that Feature Cybersecurity . . . . .	59
Examples of Careers in Industrial Control Systems and Cybersecurity . . . . .	60
Discussion Topics . . . . .	61
Chapter 9: The Rise of the Robots. . . . .	62
Industrial Arms . . . . .	63
Mobile Robots. . . . .	64
Collaborative Robots (or Cobots) . . . . .	64
Movies that Feature Robotics. . . . .	65
Careers in Robotics. . . . .	66
Discussion Topics . . . . .	67
Chapter 10: A Little Bit Here, A Little Bit There: Additive Manufacturing Matures . . . . .	68
Subtractive vs. Formative vs. Additive Manufacturing . . . . .	69
Movies that Feature Additive Manufacturing . . . . .	72
Careers in Additive Manufacturing . . . . .	73
Discussion Topics . . . . .	73
Chapter 11: Sensor Prices Are Falling Down, Falling Down, Falling Down. . . . .	74
Wireless Communication Ability . . . . .	76
Energy Efficient . . . . .	76
Networkable. . . . .	77

Smart . . . . .	77
Monitoring . . . . .	78
Alarm, Control, and Prediction . . . . .	78
Movies that Feature Smart Sensors . . . . .	79
Careers in Sensors . . . . .	79
Discussion Topics . . . . .	80
<b>SECTION V:</b>	
<b>ENABLING TECHNOLOGIES: STODGY SOFTWARE</b>	
<b>AND COOL APPS. . . . .</b>	<b>81</b>
Chapter 12: Big Data and Visualization of Information. . . . .	82
The Five “V”s of Big Data. . . . .	82
Movies that Feature Data and Big Data . . . . .	84
Careers in Big Data . . . . .	84
Discussion Topics . . . . .	85
Chapter 13: Skip the Drugs, Alternative Realities Are Already Here . . . . .	86
Augmented Reality . . . . .	86
Virtual Reality . . . . .	88
Movies that Feature Augmented and Virtual Reality . . . . .	89
Careers in Augmented and Virtual Reality . . . . .	89
Discussion Topics . . . . .	90
Chapter 14: Artificial Intelligences Begin Their Ascent . . . . .	91
Other Names for Artificial Intelligence. . . . .	92
Movies that Feature Artificial Intelligence . . . . .	96
Careers in Software and Artificial Intelligence . . . . .	96
Discussion Topics . . . . .	97
Chapter 15: Digital Twins Mirror Reality . . . . .	98
Types of Digital Twins . . . . .	99
Movies that Feature Digital Twins . . . . .	101
Careers in Digital Twins. . . . .	101
Discussion Topics . . . . .	101
Chapter 16: Blockchain: Applied Mathematics to Keep Us Honest . . . . .	102
Blockchain to Fight Counterfeiting . . . . .	103
Movies that Feature Blockchain . . . . .	104

Careers in Blockchain . . . . .	105
Discussion Topics . . . . .	105
<b>Chapter 17: Software Rules . . . . .</b>	<b>106</b>
Computer-Aided Design (CAD) . . . . .	107
Computer-Aided Manufacturing (CAM) . . . . .	107
Enterprise Resource Systems (ERP) . . . . .	108
Manufacturing Execution System (MES) . . . . .	108
Product Lifecycle Management (PLM) Software . . . . .	109
Process Control and Automation Software . . . . .	110
Customer Relationships Manager (CRM). . . . .	110
Careers in Software. . . . .	111
Discussion Topics . . . . .	112
 <b>SECTION VI:</b>	
<b>FINAL THOUGHTS ON THE HUMAN ELEMENT . . . . .</b>	<b>113</b>
<b>Chapter 18: Soft Skills Never Go out of Fashion,     But You Have to Keep Up . . . . .</b>	<b>114</b>
Critical Thinking Skills . . . . .	115
Movies that Feature Soft Skills . . . . .	116
Careers in Soft Skills . . . . .	117
Discussion Topics . . . . .	117
<b>Chapter 19: Getting into Manufacturing . . . . .</b>	<b>119</b>
The Four-Year University Degree . . . . .	120
The Two-Year College Degree . . . . .	121
Plant Floor Approach: Right Into the Workplace . . . . .	122
Networking . . . . .	123
Discussion Topics . . . . .	124
 Conclusion . . . . .	125
Further reading recommendations . . . . .	128
About the author . . . . .	130
Endnotes . . . . .	132
