

TABLE OF CONTENTS

	page
<i>Albanese, S., De Vivo, B., Lima, A., Frattasio, G., Křibek, B., Majer, V. & Nyambe, I.</i> Assessment and prioritisation of environmental risks at regional scale: the Zambian Copperbelt case study.....	9
<i>Arthur, G.D. & Davies, T.C.</i> Sustainable bioremedial technology - abandoned mine conservation in South Africa.....	13
<i>Bowell, R., Warrender, R., Declercq, J., Tait, D. & Barnes, A.</i> Geochemical prediction of waste rock leaching, the importance of site specific field scaling factors, a case study from Oamites mine, Namibia.....	17
<i>Buthelezi, S.A. & Davies, T.C.</i> The environmental and health impacts of carbon emissions from active and abandoned coal mines in South Africa: A review of secondary data.....	23
<i>Cheyens K., Nkulu C.B.L., Ngombe L.K., Asosa J.N., Haufroid V., De Putter T., Nawrot T., Kimpanga C.M., Numbi O.L., Ilunga B.K., Nemery B. & Smolders E.</i> Pathways of human exposure to cobalt in Katanga, a mining area of the Democratic Republic of Congo.....	27
<i>Chirambo, B.</i> Obtaining and maintaining a social licence to operate a mine in a developing country: The Mufulira District, Zambia case story.....	29
<i>Chirenje, E., Sekiba, F.M., Nyabeze, P.K. & Coetzee, H.</i> Testing the effectiveness of coal mine dump rehabilitation using electrical resistivity tomography: Results from AngloCoal's Bank 5 Colliery, Mpumalanga in South Africa.....	31
<i>Demlie, M., Hingston, E. & Mnisi, Z.</i> A study of the sources, human health implications and low cost treatment options of high iron groundwater in the Northeastern Coastal areas of KwaZulu-Natal, South Africa.....	33
<i>Ettler, V., Mihaljevič, M., Šebek, O., Vítková, M., Křibek, B., Veselovský, F., Majer, V., Vaněk, A., Penížek, V., Šráček, O., Nyambe, I., Kamona, F. & Mapani, B.</i> Dust from selected African metal smelters: mineralogy, contaminant bioaccessibility and exposure estimations.....	37
<i>Ettler, V., Mihaljevič, M., Šebek, O., Křibek, B., Veselovský, F., Majer, V., Vaněk, A., Penížek, V., Šráček, O., Nyambe, I., Kamona, F. & Mapani, B.</i> Fate of smelter particulates in tropical soils.....	41
<i>Graniczny, M. & Ploch, I.</i> Geoscientific knowledge and skills in the African Geological Surveys.....	45
<i>Hakkou, R. & Benzaazoua, M.</i> Environmental challenges facing closed mine sites reclamation in Morocco.....	49
<i>Hasheela, I., Haidula, A., Leonard, R., Shaningwa, O., Mbidi, I. & Kamanye, J.</i> Contamination mapping and landuse categorization for Tsumeb, Namibia.....	53
<i>Jarošíková, A., Ettler, V., Mihaljevič, M., Šebek, O. & Křibek, B.</i> The pH-static leaching behaviour of metallurgical wastes from the Tsumeb Copper Smelter (Namibia).....	57

<i>Kagambega, N., Sawadogo, S., Bamba, O., Miningou, M.Y.W. Sako, & Galvez, R.</i> Acid mine drainage-induced contamination of surface water and soil in Burkina–West Africa...	61
<i>Kgware, M. & Davies, T.C.</i> Post-remediation Effects of Asbestos: A case study of Penge Mine, Limpopo Province, South Africa.....	65
<i>Khalil, A., Hanich, L., Bannari, A. & Hakkou, R.</i> Semi-empirical modelling of iron oxide pollution in the soil using geochemical analyses and spectroradiometric measurements.....	69
<i>Křibek B., Majer V., Pašava J., Kamona F., Mapani B., Keder J. & Ettler V.</i> Contamination of soils with dust fallout from the tailings dam at the Rosh Pinah area, Namibia: Regional assessment, dust dispersion modeling and environmental consequences..	71
<i>Lar, U.A., Ngozi-Chika, C.S. & Tsuwang, K.D.</i> Environmental health impact of potentially harmful element discharges from mining operations in Nigeria.....	75
<i>Lekoa, M., Dube, L., Arthur, G.D. & Davies, T.C</i> Health and socio-economic impact of illegal gold miners and local communities: Case of Ndjengo river in Kambele region in Cameroon.....	81
<i>Lubala, F.R.T., Kaseti, P.K., Mugisho, J.B. & Mulongo, S.C.</i> Geochemical environmental monitoring of the Kingamyambo open pit and dump area, Kolwezi mining district (D. R. Congo Copperbelt).....	83
<i>Maya, M., Weiersbye, I., Tutu, H. & Sutton, M.</i> Mineralogy and heavy metal content of secondary mineral salts: A case study from the Witwatersrand Gold basin, South Africa.....	87
<i>Mihaljevič, M., Ettler, V., Vaněk, A., Penížek, V., Křibek, B., Chrástný, V., Knésl, I., Sracek, O., Mapani, B. & Kamona, F.</i> Tracing of copper and lead in soils near Kombat mine using stable Cu and Pb isotopes.....	89
<i>Mileusnić, M., Tomašek, I. & Mapani, B.</i> Health risk assessment from the exposure of children to soil contaminated by copper mining and smelting, Nomtsoub township, Tsumeb, Namibia.....	91
<i>Mileusnić, M., Tomašek, I. & Mapani, B.</i> Human bioaccessibility of Pb, Zn and Cd in residential soils from Berg Aukas, Namibia.....	95
<i>Mkhize, B. & Davies, T.C.</i> Perceptions of the local communities of Mpumalanga on the degradation of wetland resources as a result of coal mining.....	99
<i>Mkhize, X. & Davies, T.C.</i> A review of the effects of potentially harmful elements (PHEs) in nutrition and food security among elderly in mining communities in the Northern KwaZulu Natal Province, South Africa...	101
<i>Muller, M.H. & Mutemeri, N.</i> GIS-based monitoring of artisanal and small-scale mining around large-scale gold mines in Sub-Saharan Africa.....	105

<i>Mylor, N.S., Kissi, C.K., Alain, S.T., Faucon, M.P., Colinet, G., Mahy, G. & Meerts, P.</i> Phytostabilization of highly contaminated soils by trace metals in Katanga (Democratic Republic of Congo).....	109
<i>Nadasan, D.S., Davies, T.C., Shapi, M.M. & Chirenje, E.</i> The distribution of some potentially harmful elements (PHEs) in the Krugersdorp Game Reserve, Gauteng, South Africa: Implications for wildlife health.....	113
<i>Nemery, B.</i> Human health impacts of metal mining and processing.....	121
<i>Nganje, T.N, Adamu, C.I & Edet, A.</i> Migration pathways of potentially toxic metals (PTM) and human health risk assessment in the vicinity of abandoned coal mine, Enugu, Southeastern Nigeria.....	125
<i>Ngure V., Davies, T.C., Shisia, S. & Lazarus, M.</i> Artisanal gold mining impact on human and environmental health in Macalder Migori, Kenya: Possible interventions.....	129
<i>Niane, B., Moritz, R., Poté, J., Guédron, S., Ngom, P.M. & Pfeifer H.R.</i> Mercury in different environmental compartment of the Gambia River basin at Kedougou, southeastern Senegal.....	133
<i>Nyambe, I.A., Chirwa, M. & Chaziya, B.</i> Impacts of past mining activities on the ecosystem and on human health in Kabwe town, Zambia.....	137
<i>Obiora, S.C., Chukwu, A., Toteu, S.F. & Davies, T.C.</i> Heavy metal contamination of soils, stream-sediments, natural waters and agricultural plants in Pb-Zn mining localities in Enyigba, southeastern Nigeria.....	141
<i>Odhambo, B.D.</i> Mapping and assessing environmental and health impacts around Vitengeni lead-zinc abandoned mine in Coastal Kenya.....	145
<i>Okem, A., Stirk, W.A., Finnie, J.F., Van Staden, J., Southway, C. & Street, R.A.</i> Interactive effects of cadmium and aluminium toxicity on growth and physiological changes in <i>Drimis elata</i> (Jacq.) Hyacinthaceae.....	151
<i>Okunlola, O.A. & Omitogun, A.</i> Inventory and environmental effects of active and abandoned artisanal mining sites of rare metals- and gold mineralisation in parts of South-western Nigeria.....	155
<i>Olatunji, A.s. & Laniyan, T.</i> Geochemical evaluation of the effects of dusts from limestone and aggregate mining and processing in Nigeria.....	159
<i>Parshley, J., Liber, B. & Van Vlaenderen, H.</i> The impact of social context on mine closure.....	163
<i>Podolský, F., Ettler, V., Mihaljevič, M., Šebek, O., Ježek, J., Kříbek, B., Majer, V., Šráček, O., Vaněk, A., Penížek, V., Nyambe, I.A., Kamona, F. & Mapani, B.</i> Mercury in soil profiles from metal mining and smelting areas in Zambia and Namibia: distribution and potential sources.....	165

<i>Pons, D.</i>	
The use of aerial drones in the monitoring of open cast sand mines on the east coast of South Africa.....	169
<i>Poswa, T.T. & Davies, T.C.</i>	
Environmental health hazards and ethical concerns of mine dumps.....	171
<i>Reichardt, M.</i>	
Beyond poverty relief; Mitigating environmental and health impacts of mining through sustainable commercial business development.....	173
<i>Sandström, T.O., Lindahl, J., Ebbersten, P., Hjorth, P. & Klingberg, R.</i>	
Moving away from mercury use and treating toxicity – a business for development project for small-scale gold miners in the Mara mining district, northern Tanzania.....	175
<i>Shapi, M.M., Davies, T.C., Nadasan, D.S., Siyabonga, N., Cibane, N., Mbambo, A., Ndlovu, N., Ndlovu, C., Chirenje, E., Penaye, J., Bate-Tibang, E.E., Fils, S.C.N., Mimba, M.E. & Tawedi, R.E.</i>	
Standard addition chemical analysis of potentially harmful elements in water samples from mining sites in the Kette-Batouri area of Eastern Cameroon and the Krugersdorp area of South Africa.....	177
<i>Shibeshi, W.G.</i>	
Mining and environmental issues in Ethiopia: a review.....	181
<i>Schneider, G.I.C., Haidula, A., Hasheela, I., Leonard, R., Shigwana, O., Ellmies, R. & Walmsley, B.</i>	
A risk assessment manual for shut down and abandoned mines sites in Namibia.....	185
<i>Sracek, O., Kříbek, B., Knésl, I., Majer, V., Mihaljevič, M., Ettler, V., Vaněk, A., Penížek, V. & Mapani, B.</i>	
Mobility of vanadium and arsenic in mine tailings in semiarid northeastern Namibia.....	189
<i>Tole, M.</i>	
Environmental and health impacts of mining (Geothermal exploitation).....	191
<i>Vaněk, A., Penížek, V., Skipalová, K., Drábek, O., Tejnecký, V., Ettler, V., Mihaljevič, M., Kříbek, B., Šráček, O. & Mapani, B.</i>	
Environmental stability of the processing waste from Berg Aukas, a sulfide mining district of Namibia.....	193
<i>Wilson, H. & Mycock, D.</i>	
The ultrastructure of the salt glands of <i>Tamarix Usneoides</i> E. Mey ex Bunge and its implications for phyto-extraction.....	195
<i>Wołkowicz, S., Dobek, P., Bojakowska, I., Nyambe, I. & Chirwa, M.</i>	
Persistent organic pollutants of soils and water sediments in Kitwe region (Copperbelt, Zambia).....	201
