

Table of Content

Abstract	3
1. Introduction	5
1.1 Rapid population growth and climate change	6
1.2 Increase in Population and Resource Scarcity.....	6
2. The Aim of the Dissertation	6
3. Methods.....	7
3.1 Types of methods.....	7
3.2 Justification of the research methodology.....	7
4. Methodology - Solution Procedures	8
4.1 First Research stage	8
4.2 Second research stage	8
4.3 Third Research stage.....	8
5. Model and Framework	8
5.1 Model of migrants from Syria who came to Germany due to violence.....	8
2.2 Agent based Model of Economic migrants from Venezuela arriving in Colombian	13
5.3 Model Application -Tuvalu	17
6. Prediction of housing choices by migrants in Ostrava.....	21
7. Model analysis of Ostrava migration and resource	22
7.1 Scenario 1	23
7.2 Scenario 2.....	25
8. Discussion and summary.....	26
8.1 Key Findings	26
8.2 Addressing the research question: Does this model cover the research question?.....	27
8.3 Implications of the research	27
8.4 Unexpected result	27
8.5 Limitations of the Model.....	27
9. Conclusion.....	28
10. References	28
