

CONTENTS

Foreword, by Mary Claire Haver, MD xi

Introduction: What Is Menopause? xv

Why is menopause so confusing? How do we know if we're in it?

CHAPTER ONE

Discomfort Zone 1

What are hot flashes? Why do I keep getting UTIs and migraines? Why am I having GI problems now on top of everything else? Whose body is this anyway?

CHAPTER TWO

My Infertility Story 13

Why was I blindsided by perimenopause? Can women still get pregnant later in life?

CHAPTER THREE

Vag of Honor 27

What happened to my libido? What can I do to enjoy sex more? Is “use it or lose it” real?

CHAPTER FOUR

Shame 47

Why do I want to hide—my body, my desire, my feelings, and just about everything else?

Anxiety, Rage, Panic, Depression, Grief

57

Will I ever feel like myself again? Should I take antidepressants? Is it normal to be so anxious? Why do I want to *throw something*?

Is Hormone Therapy Safe?

67

What is hormone therapy, and is taking it a good idea for me? What do menopause doctors mean when they talk about “the study”?

If I Want to Take Hormones, How Do I Do It?

83

What should I know about delivery methods and dosages and how long to be on hormone therapy?

Tell Me Again

93

Is it brain fog or Alzheimer's? How can I improve my memory?

Drying Up

105

Why is my skin so dry? Should I get Botox? Do I really need eighteen serums?

Awake at 3:00 a.m.

123

Why am I waking up all the time? What should I do about night sweats? Does alcohol really compromise sleep? Will I ever feel well rested again?

Closet Confidential

135

Do I have to wear sack dresses now? Can I just be “The Lady Who Gave Up”? What might make me feel better in my body?

Menoboss

143

How do I deal with ageism in the workplace? Is it time for a reinvention? How can I be brave when I feel so vulnerable?

Rethinking Nutrition

155

Why am I gaining weight, and why in these places?
What should I be eating to make this time of life better?
I don't have to give up everything fun to be healthy,
do I?

Working It Out

167

What kind of exercise should I be doing? How important is strength training?

What Does “Family” Look Like Now?

175

Should I have had kids/had more kids/not have had kids?
How does one parent teenagers? Why am I so sad about the empty nest? What should I look for now in my romantic relationships and friendships?

CHAPTER SIXTEEN

Getting the Medical Care You Need 187

What are the biggest health risks at this age? What tests should I be getting? How should I talk to my doctor about hormones and everything else?

CHAPTER SEVENTEEN

Closer to Fine 199

How can I find meaning and give back? What's the good news?
