Foreword	vii
Preface to Volume 1	ix
Contributors to Volume 1	xi
Contents of All Volumes	xiii
1 The Male Reproductive Tract K. G. DAVEY	1
2 The Female Reproductive Tract K. G. DAVEY	15
3 The Origin and Functioning of Insect Oocytes and Nurse Cells R. C. KING and J. BÜNING	37
4 Yolk Proteins J. G. KUNKEL and J. H. NORDIN	83
5 Molecular Aspects of Chorion Formation J. C. REGIER and F. C. KAFATOS	113
6 Structure and Physiology of the Eggshell L. H. MARGARITIS	153
7 Fertilization and Special Modes of Reproduction A. RETNAKARAN and J. PERCY	231
8 Sex Determination: Genetic and Epigenetic Factors G. LAUGÉ	295
9 Insect Embryogenesis: Morphology, Physiology, Genetical and Molecular Aspects K. SANDER, H. O. GUTZEIT and H. JÄCKLE	319
10 Cytoplasmic Determinants in Embryogenesis R. E. BOSWELL and A. P. MAHOWALD	387
11 Embryonic Diapause O. YAMASHITA and K. HASEGAWA	407
12 Endocrine Aspects of Embryonic Development in Insects J. A. HOFFMANN and M. LAGUEUX	435

Contents

Species Index	461
Author Index	465
Subject Index	478
